WORLD ARTISTIC CHAMPIONSHIPS – NOVARA JUNIOR AND SENIOR INLINE FREE SKATING NEW REGULATIONS AS ATTACHED

At the end of last season FIRS appointed Fernand Fedronic to be part of the Artistic Technical Committee, and be in charge in Inline Skating.

Fernand has a great deal of experience in the discipline, and last week he met with FIRS Artistic Technical Committee representatives and the attached regulations will be the ones adopted for this year in Novara.

After that he will, together with the FIRS Artistic Technical Committee Members, discuss the future in Inline Artistic Skating and together they will decide the Regulations for 2017 onwards.

The attached document gives all information on the Junior and Senior Artistic Free Skating rules, including the judging system that will be used just for the Inline events.

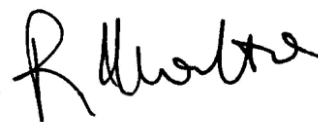

Please note that the regulations in the Technical Artistic Book, will not be valid for this season at the World Championships

If any Federation would like clarification on the attached document, please contact directly Fernand Fedronic as he is the expert on this discipline:-
