

Ref 2018/001

Intravenous Infusions 2018

20 December 2017

The section on the 2018 Prohibited list for intravenous infusions has changed.

Intravenous infusions of no more than a total of 100mls per 12 hour period are prohibited except for:

- ✚ Received in course of hospital treatments
- ✚ Surgical procedures
- ✚ Clinical diagnostic investigations
