## COACHES: WORLD SKATE INTERNATIONAL ARTISTIC COACHING SCHOOL

---

We are pleased to announce that World Skate is forming the new World Skate International Artistic Coaching School (IACS). It will be run by the Artistic Technical Commission and a Coaching Commission which will be formed by highly regarded coaches from different countries.

We are confident that this initiative will be very enriching for the development of this beautiful sport in all participating countries as the ultimate objective is to standardise the technique around the world, which means a significant increase in general skating skills globally and therefore, consistency in performances across all the disciplines especially in this period of huge changes in our sport.

In order to start with the first phase of the World Skate International Artistic Coaching School, each National Federation has been requested to nominate at most two coaches fluent in English for the following disciplines:

- Freeskating
- Pairs
- Dance
- Precision

It will be up to World Skate the decision to confirm a nominated coach to participate at the IACS program. The first training program will take place at the International Seminar in

Orlando. The eligible candidates must complete the whole training prepared by World Skate and pass the exams in order to be recognised internationally as a World Skate Coach. These coaches will have the possibility to present courses at a National level, in their own country, with material provided by World Skate.

## JUDGES AND TECHNICAL SPECIALISTS: EXAMS

---

Just like last year, the National Federations will have the opportunity to present judges for the exams of:

- **World Skate International judges for Freeskating and figures, Pairs, Dance, Precision and Show.**

From this year on, they will also have the chance to present international judges for the exams of:

- **World Skate International Technical Specialist Commission for Freeskating, Pairs, Dance and Precision.**

Please notice that for the Technical Specialist tests only already international judges will be accepted.

\*All exams will be in English. Maximum 2 entries per discipline by each nation for both exams (TS and/or Judges). Only 1 entry for freeskating and one entry for pairs will be accepted for those nations who already have an international technical specialist for these disciplines.
