

March 16<sup>th</sup> 2020

Dear Sirs,

The new regulations implemented by authorities in Singapore, coupled with global travel disruptions and pervasive quarantine measures applied to citizens returning from trips abroad have made travel extremely difficult.

World Skate has full confidence in the ability of local organizer Millennial Events and the Government of Singapore to provide a safe environment for the event, nonetheless, the conditions of our global transportation system, and domestic entry policies make it impossible for many ITOS and Athletes to reach Singapore.

**For these reasons World Skate and the organizer have agreed to cancel the event under circumstances of force majeure.**
