WORLD SKATE ACADEMY: INLINE SPEED SKATING

We are pleased to announce that the World Skate Academy for Inline Speed Skating will start on 2021.

We are confident that this initiative will be very enriching for the development of this beautiful sport in all participating countries.

The program and contents will be run by the Inline Speed Skating Technical Commission.

Online Courses will be available for Coaches and Judges.

The Online Courses will be held through an online platform.

All attendees must be registered to the course by their National Federation of belonging, with no exception.

COACHES

The World Skate Academy will be forming Coaches at all levels with the objective of developing the sport worldwide and take the level of competition to the highest.

The complete program will be divided into 3 (three) levels: 1, 2 and 3.

Only the coaches appointed by their National Federations of belonging, after passing the pertinent exams and completing the 3 levels, will be officially recognized as World Skate Coaches.

These coaches will have the possibility to present courses at a National level, in their own country, with material provided by World Skate.

On this opportunity, there will be lessons for World Skate Coaches Level 1 only. Level 2 and 3 will follow and will be available in the upcoming years.

National Federations are allowed to register unlimited number of coaches but only **5 (five)** of them will officially start the process as World Skate Coach.

On the registration website, the National Federations will have the option to indicate which are their 5 selected coaches that will officially start the process.

It remains up to the Inline Speed Skating Technical Commission to refuse any of the coaches proposed by the National Federation to start the official process.

JUDGES

The Online Course is addressed to International Judges only.
It is mandatory to follow all the lessons to maintain their international judge category (renewal every two years).
