FINAL SCHEDULE

Dear All,

You can download [here](#) the Definitive Programme of the Inline Hockey World Championships 2021 in Roccaraso.

RINK AND PUK INFORMATION

FLOOR:

All the Championship matches (Male/Female) will be played on the Joker Sport flooring, a modular solution specifically conceived for inline hockey. World Skate decided to use the Joker Sport flooring to ensure excellent performance. The grip of skates' wheels is excellent, and the sliding capacity of the disc is increased thanks to the slightly embossed pavement surface.

Following World Skate's guidelines, Joker Floors will install a track with cutting-edge colour and graphic solutions, perfectly matching the philosophy of the international federation: Green & Urban. Joker Floors will supply the 1800sqm flooring that will be installed inside the Pala Bolino in Roccaraso.

Dimensions: 30 X 60

PUCK:

Stilmat Pucks will be used for the World Championships.
