## LESSONS AND SCHEDULE DETAILS

---

The training period is on the following dates:

**November 15, 2021 - March 2, 2022**

Participants will have the opportunity to choose between two different kinds of lessons according to their time zone and preferred language.

Live lessons: from **20:00 to 22:30 (CET)** in English and Spanish.

Recorded lesson: from **10:00 to 12:30 (CET)** only in English. The lesson will not be live, but it will be a recording of the lesson held the day before.

Participants of both lessons will be able to benefit from both Q&A sessions: during the live lesson, the speaker will answer the questions live and the answers will be recorded and played the day after. During the morning lesson, therefore, the participants will be able to listen to the questions and answers of the night session and, of course, to ask new questions. The speaker will reply in a written format and the file with the answers will be sent to ALL participants (of both the night and morning session) within 24 hours from the end of the morning lesson.
