INTRODUCTION

We are pleased to announce the upcoming launch of Skateboarding's first e-learning course for skateboard judges.

The educational course is presented in five episodes dedicated to the main areas of skateboard judging.

Every episode is divided by specific topics covering areas ranging from World Skate Judging development program, the fundamentals of the skateboard judging processes, along with dedicated episodes for PARK, VERT and STREET disciplines.

Each episode is hosted by professional skateboarders, World Skate global and Olympic Skateboard judges.

World Skate would like to ask all National Federations and National Governing Bodies to promote this course through their communication channels. Feel free to use any of the materials shared on this link:
