## WORLD SKATE ACADEMY: RINK HOCKEY

---

World Skate is glad to announce that different Online Courses will be available for Rink Hockey Coaches and Referees.

The Online Courses will be held through an online platform.

### COACHES

---

On this opportunity, there will be lessons for World Skate Coaches Level 1 and 2 only.

The eligible candidates must complete the whole training prepared by World Skate (level 1, 2 and 3) and pass the exams in order to be recognized as a World Skate Coach.

These coaches will have the possibility to present courses at a national level, in their own country, with material provided by World Skate.

For Level 1, it is expected that the National Federations propose the coaches to officially start the process. At the moment of registration, the Federation will have to indicate if the participant has been chosen as a World Skate Coach.

The Level 2 Course, is for the coaches who passed Level 1 last year.

At the end of each Level, there will be an Assessment Test to promote the coach to the following level. At the end of the third level, the coaches will have to do a Final Exam to obtain the qualification as World Skate Coach.

### REFEREES

---

This year, there will be 2 courses (Level 1 and Level 2).

Level 1:

- Course for all National referees who aim at becoming International Referees

Level 2:

- Course for International Referees who want to continue their training and become Advance Referees
- Course for Advance Referees who want to confirm their category to maintain their level (need to complete the course every 2 years).
