## MISSION AND VISION

World Skate is the only governing body recognized by the IOC of all Roller Sports and Skateboarding. Its role consists of recognizing, assisting and representing the more than 120 Member Federations of the five Continents in the development and increasing of all roller disciplines and to promote the development and the diffusion of such disciplines in the not yet affiliated countries. World Skate aims to promote the visibility and the development of all its disciplines through international events, among which the World Championships are the most important ones.

The Roller Derby World Championships (henceforth “Championships”) are the most important international event for this discipline. They will be held annually, except in the year of the organization of the World Skate Games that include them.

These Championships will have a ceremonial, protocol but also a spectacular character and will be promoted through

national and international broadcasting, streaming TV on the official website of World Skate, as well as on social networks and new communication media.

Though maintaining a markedly sporting character based on World Skate regulations, the Championships wish to combine the pure sports competition with a festive atmosphere of unity among athletes of all nationalities.

During the Championships World Skate could be interested in organizing other promotional events or activities, such as seminars for coaches and/or judges etc. The Host shall facilitate the communication and organization of such events.

## CONCEPT

- Revenues coming from tickets sale, commissions from Venue food service, restaurants and hotel concessions,

stands rental to temporary exhibitors, sale of merchandising and other Championships' souvenirs.

- 60% of the audience is not resident in the Host City, revenues coming from tourism will be a benefit not only for the Host City, but also at national level.
- Statistical studies report that the percentage of those who return to the Host City in the three years following the event with friends and/or family members varies between 20% and 30%.
