# 1. INTRODUCTION

The World Skate Inline Freestyle World Ranking is a classification of skaters established for each of the disciplines of Inline Freestyle: Speed Slalom, Classic Freestyle Slalom, Battle Freestyle Slalom, Free Jump, Freestyle Slides, Pair Freestyle Slalom.

Each homologated event will award World ranking points to their participants. The Rankings are updated every month, and points are dropped 12 months after being awarded or when the same event is held the next year.

Inline Freestyle World Rankings will be updated at [www.worldskate.org](http://www.worldskate.org) in the beginning of each month.

The Rankings attempt to be objective and merit-based; it reflects each month who are the best skaters and the most consistent in their performances over the past 12 months.

## 2. EVENTS

### 2.1. Types of Events

Different tier of events will award points:

- Starter events
- 1-star events / Basic events
- 2 stars events / Prime events
- 3 stars events / Main events
  
- National Championships
- Continental Championships
- World Championships

All the events shall be organised according to the latest World Skate Rulebook.

### 2.2. Starter events

Starter events are the smallest events awarding points for the World ranking. They are mostly local events, but can also be organised on a regional scale or national scale. There is no limitation in the number of Starter events in a City, Country, Continent per year.

This category of event can be organised in any city.

Starter events can be announced latest 4 weeks before the events.

A minimum of 1 discipline among the Inline Freestyle disciplines shall be organised.

There is no compulsory age categories to be organised, however the age categories

should follow the official national or international rules.  
The event can be only open to national skaters.

Top 3 skaters will be awarded with medals or Trophies.

No World Records shall be approved during Starter events.

A minimum of 4 judges will be in charge, among them at least one national certified judge to lead the event.

There is no restriction about the entry fees.

The registration will be closed 1 day in advance or the skaters can register the day of the competition according to event's organizer.

Anyone can register and there is no priority for the registration. Participants should be registered by their national federation. In the case that no national federation is registered in the country, or affiliated to World Skate, participants can participate with a Wild Card granted by World Skate. Wild Card requests must be sent to [platform@worldskate.org](mailto:platform@worldskate.org).

These events must be approved by the National Federation.

Giving a date frame, if the National Federation doesn't answer even after a reminder, then World Skate Sports Department in agreement with the Technical Commission has the right to approve the event.

Exceptionally, this type of event can also be flexible in the rules and technical requirements (venue size, number of cone lines, number of cones, timing), in such case, the rules must be approved by World Skate inline Freestyle Technical commission and clearly announced by the event's organisation.

All technical and venue requirements are detailed in the "Annex 1" document.

Events Criteria are detailed in the "Annex 3" document.

## 2.3. Basic Events

### 1 star event / Basic events

Basic events are mostly regional scale or national scale events.

There is no limitation in the number of Basic events in a City, Country, Continent per year.

This category of event can be organised in any city, but the venue must be accessible easily by local public transportation.

Basic events can be announced latest 6 weeks before the events. Registration should start latest 4 weeks in advance.

A minimum of 1 discipline among the Inline Freestyle disciplines shall be organised.

There is no restriction about age categories to be organised.

The event can be only open to national skaters.

Top 3 skaters will be awarded with medals or Trophies.

No World Records shall be approved during Basic events or exceptionally in the presence of international level 3 judge and with 100% validation protocol completed.

A minimum of 2 to 7 judges will be part of the judging panel, depending on the number of specialities and which specialities are organised; among those judges at least 2 national certified judges to lead the event.

There is no restriction about the entry fees.

The registration will be closed 3 days in advance.

Anyone can register and there is no priority for the registration.

Participants should be registered by their national federation. In the case that no national federation is registered in the country, or affiliated to World Skate, participants can participate with a Wild Card granted by World Skate. Wild Card requests must be sent to [platform@worldskate.org](mailto:platform@worldskate.org).

These events must be approved by the National Federation.

Giving a date frame, if the National Federation doesn't answer even after a reminder, then World Skate Sports Department in agreement with the Technical Commission has the right to approve the event.

All technical and venue requirements are detailed in the "Annex 1" document.

Events Criteria are detailed in the "Annex 3" document.

## 2.4 Prime Events

### 2 stars events /Prime events

Prime events are international / continental scale events.

Prime events are events gathering a minimum of 60 skaters, coming from a minimum of 3 different countries.

There is a limitation in the number of Prime events in a Country, Continent per year. The balance of maximum events in each continental area is determined according to the number of participants in the continental areas, the actual state of development of each inline freestyle disciplines in the continental areas (national championships, continental championships, number of events) and the average level of participants in the continental events. This number is re-evaluated each year by the Inline Freestyle Technical Commission according to the evolution of the development of each inline freestyle discipline in each Continent.

For Classic Freestyle Slalom, Battle Freestyle Slalom and Speed Slalom, the maximum of events per continent is described in the table below:

Asia	Europe	America	Africa	Oceania
8	8	4	2	1

A maximum of 2 prime events can be organised in a same country. In exceptional cases, a 3<sup>rd</sup> event in a same country might be accepted by the World Skate Inline Freestyle Technical Commission.

A maximum of 1 prime event can be organised in a same country for Freestyle Slides.

For Free Jump, the maximum of events per continent is described in the table below:

Asia	Europe	America	Africa	Oceania
1	2	2	2	0

A maximum of 1 prime event can be organised in a same country for Free Jump.

For Pair Classic Freestyle Slalom, the maximum of events per continent is described in the table below:

Asia	Europe	America	Africa	Oceania
3	2	0	0	0

A maximum of 1 prime event can be organised in a same country for Pair Classic Freestyle Slalom.

For Freestyle Slides, there is no maximum of events per continent.

Prime events can be announced latest 12 weeks before the events and registration must start at least 8 weeks prior to the event. The organiser and/or National Federation is in charge of the registration.

A minimum of 2 disciplines among Speed Slalom, Classic Freestyle Slalom, Battle Freestyle Slalom shall be organised.

For Freestyle Slides and Free Jump Prime Event, minimum Freestyle Slides and Freejump disciplines shall be organised. Other disciplines might have a lower status (Basic) in the same event.

It is highly recommended to organise the schedule over 2 days.

Senior Men and Women, and Junior Men and Women categories must be organised in Speed Slalom, Classic Freestyle Slalom, Battle Freestyle Slalom.

World Records, Continental Records and National Records can be approved during Prime events if the validation protocol is strictly respected. (Best time for Speed Slalom, Best height for Free Jump).

A minimum of 4 to 7 judges will form the Judging Panel, depending on the number of disciplines and which disciplines are organised; among those judges all of them must be at least national certified judges (Level 1) and a minimum of 2 must be international certified judges level 2.

The organisation shall pay a 500 USD fee to World Skate before the event starts.

The registration will be closed 1 week in advance.

Anyone can register (open) but the current top 20 of each discipline will have a priority access to the event. National team skaters from national federations will also have a priority access.

Participants should be registered by their national federation. In the case that no national federation is registered in the country, or affiliated to World Skate, participants can participate with a Wild Card granted by World Skate. Wild Card requests must be sent to [platform@worldskate.org](mailto:platform@worldskate.org).

These events must be approved by the National Federation.

Giving a date frame, if the National Federation doesn't answer even after a reminder, then World Skate Sports Department in agreement with the Technical Commission has the right to approve the event.

Organisers of Prime events must be experienced organisers or National Federations.

All technical and venue requirements are detailed in the "Annex 1" document.

Events Criteria are detailed in the "Annex 3" document.

## 2.5. Main events (or 3 stars events)

Main events are international / continental scale events.

Main events are events gathering a large number of skaters (minimum 100), from a minimum of 5 different countries.

There is a limitation in the number of Main events in a Country, Continent per year. The balance of maximum events in each continental area is determined according to the number of participants in the continental areas, the actual state of development of each inline freestyle disciplines in the continental areas (national championships, continental championships, number of events, ...), and the average level of participants in the continental areas. This number is re-evaluated each year by the Inline Freestyle Technical committee according to the evolution of the development of each inline freestyle discipline in each area.

For Classic Freestyle Slalom, Battle Freestyle Slalom and Speed Slalom, the maximum of events per continent is described in the table below:

Asia	Europe	America	Africa	Oceania
3	3	1	0	0

A maximum of 1 Main event can be organised in a same country. In exceptional cases, a 2<sup>nd</sup> event in a same country might be accepted by the World Skate Inline Freestyle Technical Commission.

For Freestyle Slides, the maximum of events per continent is described in the table below:

Asia	Europe	America	Africa	Oceania
3	2	0	0	0

For Free Jump, there is no "Main event", but Free Jump Prime event can be included to a Main event for other disciplines.

For Pair Classic Freestyle Slalom, there is no "Main event", but Pair Classic Freestyle Slalom Prime event can be attached to a Main event for other disciplines.

Speed Slalom, Classic Freestyle Slalom, Battle Freestyle Slalom disciplines shall be organised. Freestyle Slides, Pair Freestyle and Freejump are optional disciplines (as Prime event).

The event shall be a minimum 3 days event.

Senior Men and Women, and Junior Men And Women categories must be organised in Speed Slalom, Classic Freestyle Slalom, Battle Freestyle Slalom. There shall be no kids categories organised during Main events (under 10 Years old) and kids under 10 years old are not authorized to register.

World Records, Continental Records and National Records can be approved during Main events if the validation protocol is strictly respected. (Best time for Speed Slalom, Best height for Free Jump).

A minimum of 9 judges will be part of the judging panel, appointed by Technical commission; among those judges all of them must be international certified judges level 2 (at least) and 4 of them must be international certified judges level 3.

An additional calculator judge must be present in the judging panel.

The organisation shall pay a 1500 USD fee to World Skate before the event starts.

The registration will be closed 1 week in advance before the start of the event.

Anyone can register (open) but the current top 20 of each discipline will have a priority access to the event. National team skaters from national federations will also have a priority access.

Participants should be registered by their national federation. In the case that no national federation is registered in the country, or affiliated to World Skate, participants can participate with a Wild Card granted by World Skate. Wild Card requests must be sent to [platform@worldskate.org](mailto:platform@worldskate.org).

These events must be approved by the National Federation.

Giving a date frame, if the National Federation doesn't answer even after a reminder, then World Skate Sports Department in agreement with the Technical Commission has the right to approve the event.

Organisers of Main events must be experienced organisers (at least 3<sup>rd</sup> year of organisation) or National Federations, or professional event company followed-up by inline Freestyle Technical committee members.

All technical and venue requirements are detailed in the "Annex 1" document.

Events Criteria are detailed in the "Annex 3" document.

## 2.6. Other Events

Other events will award points for the Inline Freestyle World Rankings:

- Inline Freestyle World Championships will award points as Major event.
- Continental Championships will award the same number of points as Prime events (2 stars).
- National Championships will award the same number of points as Basic events (1 star)

World records, continental records, and national records can be validated and approved during World, Continental and National Championships.

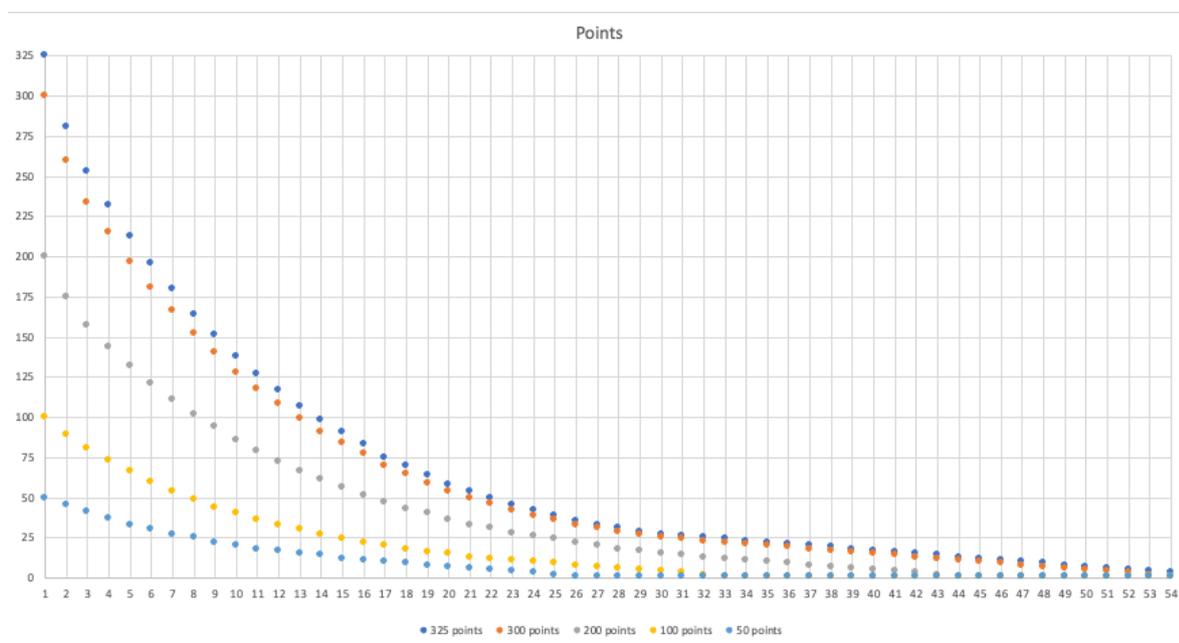

## 2.7. Selection of Events

The Inline Freestyle Technical Commission and the World Ranking delegates will study the events' organisations who are candidate to organise the events, and select among the candidates which events will be sanctioned as Main and Prime events and also other events' status, Basic and Starter.

## 3. RANKING RULES

### 3.1. Points table

Points will be awarded to all skaters entering any event included in the World Ranking calendar as the table in Annex 2.

### 3.2. Points awarding

Skaters who enter WS World Ranking events will get points, the minimum points awarded will be 1 point. Skaters who register to an event, but don't show-up for the competition will get no point for the discipline they didn't show-up for or didn't actually competed in, even if they appear on the competition list as DNS.

#### 3.2.1. Best 3 or Best 4

The first criteria to rank the skaters is the "Best 3" or "Best 4": among all the competitions a skater will enter during a period of 12 months, only the best 3 or best 4 scores will be kept.

For example, a skater who enters 5 events in speed slalom, and scores respectively, 300pts, 215pts, 89pts, 157pts, will have a total score in his/her “Best 4” of 761pts.

Depending on each discipline, the maximum amount of points a skater can reach in his/her “Best 3” or “Best 4” is as following:

**Speed Slalom, Classic Freestyle Slalom and Battle Freestyle Slalom:**

4 best results of the past 12 months period: 1225 Points

(3 Main events + World Championships: 1225 Points)

For Junior World Ranking, the 3 best results of the past 12 months period are kept, so the maximum is 925 Points (2 Main events + World Championships)

**Freestyle Slides:**

3 best results of the past 12 months period: 925 Points

(2 Main events + World Championships: 925pts)

**Free Jump:**

3 best results of the past 12 months period: 725 Points

(World Championships: 325pts; 2 Prime events : 400pts)

**Pair Classic Freestyle Slalom:**

3 best results of the past 12 months period: 725 Points

(World Championships: 325pts; 2 Prime events: 400pts)

Points awarded to a skater will expire 12 months after being awarded or when the same event is held the next year; in such case the new points awarded will replace the previous points awarded for the same event.

**3.2.2. Total Points**

The second criteria that will be used to rank the skaters if they have the same amount of points in their “Best 3” or “Best 4” is the total amount of points they got awarded in the past 12 months period.

For example, if 2 skaters score 1200 points in their “Best 4”, and skater 1 has scored a higher total than skater 2, skater 2 will be ranked after skater 1.

If skater 3 has a higher total points than skater 1 and skater 2, but a lower “Best 4”, skater 3 will ranked after skater 1 and skater 2.

Rank	Prev	Dif	ID N°	Name	Ctry	Nb	Total	Best 4
1	1	0	0000000000	Skater 1	ABC	5	1300	1200
2	3	+1	0000000000	Skater 2	ABC	4	1200	1200
3	2	-1	0000000000	Skater 3	ABC	10	1600	1000

### 3.2.3. Ties

In the case where 2 skaters have the same amount of points in their “best 4” and their “total”, those 2 skaters will have the same ranking.

## 3.3 New Rules application

New rules are applied starting from the beginning of a new year and will start to appear in the January ranking.

New rules affecting point system will be applied month by month, replacing slowly the points awarded the previous year in the same events.

New rules affecting Best 3 or Best 4 events will be applied from January ranking.

## 3. RANKING RECORDS

### 3.1. Monthly records

In the beginning of each month, the World N°1 is known.

2 types of records can be calculated and published.

-The record of total months at the place of World N°1

-The record of total consecutive months at the place of World N°1

A certificate will be awarded to each new World N°1 and stamped by World Skate (Virtual certificate).

### 3.2. End of year Ranking

The end of year ranking is published in January of the next year. The top 3 skaters of each category and disciplines will be awarded a certificate stamped by the Inline Freestyle Technical Committee.

## ANNEX 3

### Event Criteria

#### **Basic events :**

The organiser shall pay for the judges transportation, accomodation and meals during the event. There is no compulsory judges allowance and judge allowance is up to local organisation or local federation policy.

The crowd and Athletes shall be ambianced by a DJ and MC.

#### **Prime Events :**

This category of event shall be organised in a main city, or close to a main city, linked to national or international airport, or international train station, and the venue must be accessible easily by local public transportation.

Top 3 skaters will be awarded with medals or Trophies. Top 6 skaters will be awarded with certificates. Prize money is recommended for top 3 skaters.

The organiser shall pay for the judges transportations, accomodation and meals during the event, and for Visa expenses and travel fee to the host country.

The judges allowance is minimum 200 USD per International level 2 judges. The allowance for level 1 certified judges is up to local organisation or local federation policy.

The registration must be possible on event's website, or on World Skate official website, and an event's website must be uploaded showing informations about the event such as schedule, location, links to local accomodation, transportation tips, registered skaters lists, ...

The entry fees shall be up to 50 USD per skater, paid to the event's organiser, depending on number of disciplines and categories they will be registered for.

The crowd and Athletes shall be ambianced by a DJ and MC.

The venue can be indoor or outdoor, but if outdoor, there must be a shelter or an optional indoor venue in case of bad weather.

#### **Main Events:**

This category of event shall be organised in a main city, or close to a main city, linked to national or international airport, or international train station, and the venue must be accessible easily by local public transportation.

Main events can be announced latest 20 weeks in advance, and registration must start at least 12 weeks before the events.

Top 3 skaters will be awarded with medals or Trophies. Top 6 skaters will be awarded with certificates. Prize money is recommended for top 3 skaters.

The organiser shall pay for the judges transportations, accomodation and meals during the event, and for Visa expenses and travel fee to the host country.

The judges allowance is minimum 200 USD per International judges & for calculator judge.

The venue can be indoor or outdoor, but if outdoor, there must be a shelter or an optional indoor venue in case of bad weather.

The registration must be possible on event's website, and an event's website must be uploaded showing informations about the event such as schedule, location, links to local accomodation, transportation tips, registered skaters lists, ...

The entry fees shall be up to 65 USD per skater, paid to the event's organiser depending on number of disciplines and categories they will be registered for.

The crowd and Athletes shall be ambianced by a DJ and MC.
