

EXECUTIVE BOARD RESOLUTION

No. 7/2024

Considering that the World Skate Statutes (Art. 3) provide that *“World Skate recognizes only one National Federation per Country”* and *“In Countries where more than one Member Federation has been recognized by World Skate, the different entities shall make their best efforts to establish a sole governing body. The resulting entity may also be set up as a representative organization including separate entities and shall be considered as the sole National Governing Body for all World Skate disciplines in the relevant Country.”*

Considering that the World Skate By-Laws (Par. 2.1) provide that *“As per Statutes art. 3.2, there shall be only one National Federation per Country.*

In case a Member Federation refuses to include one or more World Skate Sport/s under its umbrella in compliance with the procedure set out above, it shall be subject to the rules provided for in the Code of Conduct and Code of Ethics, which may also lead to losing World Skate membership.

In Countries where more than one Federation is already recognized by World Skate, the different entities shall be subject to the provisions under Art. 3 of World Skate Statutes.”

Considering the Executive Board resolution No. 1/2022 in which World Skate invited all the entities located in countries where more than one National Federation has been recognized to comply with the above-mentioned rules and therefore to cooperate and establish one single entity (Federation) governing all World Skate sports in such relevant country

Considering the new deadline - 31st December 2023 - that was communicated to all national federations on the occasion of the World Skate Ordinary Congress held on 30th October 2022 in Buenos Aires, Argentina

Considering the Executive Board resolution No. 8/2022 in which World Skate invited the relevant national federations to find an agreement to cooperate and comply with World Skate Charters and to send a proposal of cooperation by November 15, 2023 and find an agreement by December 31, 2023.

As regards to the Netherlands

- 1) There are three National Federations recognized by World Skate
 - a) Koninklijke Nederlandsche Schaatsenrijdersbond (KNSB);
 - b) Nederlandse Rollersports Bond;
 - c) Skateboard Federatie Nederland.

- 2) During the period from the implementation of the mentioned rule until the deadline set out for the submission of the proposal (15/11/23), the Federations have been collaborative, and on November 13, 2023, they informed us that an agreement had been reached for the creation of an umbrella organization that would take on the role of the sole National Governing Body recognized by World Skate, with the full support of the reference NOC. However, the entire process will need time to be finalized.

Considering the deadline December 31, 2023 set out in the Statutes, the World Skate Executive Board resolves as follows:

- I. Temporary recognition of the entity named KNSB as the sole National Governing Body for the Netherlands, subject to compliance with the following requirements by April 2024.
 - A. Creation of a single National Governing Body for all World Skate sports.
 - B. Revision of the Statutes in line with World Skate Charters and guidelines.
 - C. Change of the Federation's name to Skate Netherlands.
 - D. Compliance with all World Skate Charters and with the relevant National Olympic Committee (NOC) requirements and standards.

In case of non-compliance with points A, B, C, and D, the Executive Board reserves the right to review its decision regarding the membership.

- II. Memberships of the Nederlandse Rollersports Bond and the Skateboard Federatie Nederland are considered withdrawn; meanwhile, athletes belonging to these federations will continue their activities, with the support of the NOC and under the auspices of the sole National Governing Body.
