Dear all,

As you are all aware, the registration for Junior, Senior Figure skaters and Inline, takes place on Wednesday 28 September, and for Junior/Senior, Precision, and Small Groups on Friday 30 September, with the registration of Quartets and Large Show Groups on the 7 October.

All the above information is included in the programme sent to all Nations in April, and the programme has not changed

It is important you make sure all your skaters participating in the World Artistic Championships, bring their passports to check the nationalities of all on the registration days. An ID card is not sufficient, it must be a passport please.

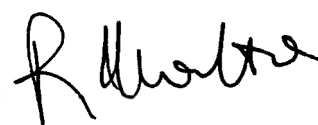

Whilst writing, I confirm to all that for Pairs Skating, both Junior and Senior, vocal music is allowed, as stated in the Bulletin issued to all Nations in Cali last year. In our Regulations it states that vocal music is not allowed, but this is an oversight on our part as we did not update the book on the web site, but as I had queries about this, it is confirmation for you all.

Looking forward to meeting you all in Novara – have a safe journey, and I am sure you will enjoy the 2016 World Championships

Kind regards
