BULLETIN N° 02
DATE 22/08/2024

Dear all,

We hope this message finds you well as we prepare for the upcoming World Skate Games 2024. This communication will provide important clarifications regarding the rules that will be in effect during the upcoming Speed Marathon World Championship 2024.

While creating this new World Skate Marathon Tour (WSMT) we aimed to improve visibility to our sport, enlarging our movement and attracting new participants, as a benefit for our athletes but also to everyone taking part in our community. While pursuing such ambitious goals it is expected that we find space for improvement.

As an International Federation, we deeply respect the dedication and hard work of our athletes, coaches, teams, and National Federations and we recognize the importance of a fair and enjoyable competition in such a complex environment.

After considering different situations within our community, we have reassessed them with the aim of enhancing fairness, clarity, and the overall competitive experience. The following are only applicable to Pro categories:

- Athletes can wear any skinsuit (National Federation, WSMT Team or Club).
- National Federations can be represented by up to a maximum of 4 athletes per gender.
- Regardless of the skinsuit worn, points obtained by the athletes will count for their WSMT individual ranking. These points will also account for the WSMT Team they have registered at the beginning of the season 2024 (if applicable).
- Despite being a World Championship, medals will not be accounted for in the WSG Medal Table.

These are applicable only for the 2024 Speed Marathon World Championships.

We believe that these clarifications will contribute to the continued growth and development of our sport, fostering a positive and respectful environment for all participants. We thank you for your ongoing support and commitment, and we look forward to seeing you at the competition.

Should you have any questions, please do not hesitate to contact us.
