ANTI-DOPING

The doping controls, the sample collection processes and the laboratory analysis will be conducted in accordance with the Mediterranean Games Antidoping Rules which comply with the World Anti-Doping Code (WADA Code) and the International Standards.

During the sign-up procedure to the Sports Registration System (World Skate Infinity, please see above), all athletes and staff members must upload a valid Anti-Doping Training Course Certificate. Those issued by WADA (through the Adel platform), ITA (International Testing Agency), National Anti-Doping Organizations and/or World Skate during 2024, 2025 and 2026 are accepted.

All competing athletes are classified as International-Level Athletes and must hold a Therapeutic Use Exemption (TUE) in advance for medical use of prohibited substances. Pre-existing TUEs issued by World Skate or NADOs meeting ISTUE criteria will be recognized by the ICMG. Athletes without a valid TUE must submit an application directly to the ICMG as soon as possible.

Should you need a new Anti-Doping Training Course Certificate, please visit the [WADA ADEL platform](#) and complete the relevant Course, according to your role.

We remind you that the [WADA ADEL platform](#) is not run by World Skate; therefore, should you have any issue in this regard, you will need to contact WADA's support directly.
