

March 27<sup>th</sup> 2020

Dear Sirs,

Given the situation we are living worldwide due to the spread of the pandemic, together with the organizers we have decided to suspend the Park World Championships 2020, which was scheduled to take place by end of May in Nanjing, China.

As previously mentioned, the health and safety of skaters and staff is and remains World Skate's top priority.

This event, together with other suspended events will be considered as part of the possible future rescheduling of Season #2.

Thanks for your understanding.

Best Regards,

Roberto Marotta  
Secretary General
