Dear Presidents,

We hope this email finds you well.

Following the last Extraordinary World Skate Executive Board Meeting, we inform you that, due to the COVID-19 emergency still ongoing and in consideration of the problems related to travel, the World Championships of Artistic Skating, Inline Speed, Inline Hockey, Skate Cross and Inline Freestyle scheduled for 2020 have been cancelled.

The World Championships of the aforementioned disciplines will be held in 2021 in the same places already indicated for the previous year while the new dates will be communicated as soon as possible.

We will keep you updated of any possible development in this regard and for any information please do not hesitate to contact us,

Best regards,
