THE ORLANDO CLASSIC

Since 1988!

2021

WELCOME!

The Astro Skate Center would like to cordially invite you to the 3rd annual Indoor World Cup Race Re-branded as THE ORLANDO INLINE CHALLENGE - THE ORLANDO CLASSIC.

This Event will include both INDOOR AND OUTDOOR competitions for all ages which will include JR and SR World Class thru Novice divisions. There are currently over 14 countries hosting Indoor National Championships and this is an opportunity to showcase your countries talents on the Indoor Track in an International World Cup Race as well as Outdoor to show who will be the overall winner and King of The Hill!

The event dates will be April 1-4, 2021 located in the Vacation Capitol of the World, the Beautiful ORLANDO, FLORIDA! This is the home of Walt Disney World, Universal Studios, Sea World and many more parks and attractions, so this is not only a race, but a wonderful family vacation as well! The Indoor Facility is a newly renovated 30,000 square foot building which hosts an 18,000 square foot Hardwood Floor freshly coated with Roll-On, the number one choice in Floor Coatings. With \$750,000 in renovations alone, the facility will awe you with its 3 dimensional art work, exciting lights and sound, and special VIP and Vendor areas!

The racing will be for all ages with truly three levels of skating. The Junior World Class and Senior World Class will be for all skaters at the highest levels and any skater who is a former National Team Skater (JR – CLASSIC) will be required to skate in this division. There is the Elite Division which is for most experienced skaters, and the Novice Division for newer skaters and less experienced.

The Junior World Class and Senior World Class divisions will be competing for the World Cup for Indoor. The Elite and Novice divisions will be awarded with Medals custom designed for this International Competition.

There will be Elite Division Relay: Standard 2-Person, 2-Mixed and 3-Mixed.
PICK A PARTNER RELAYS WILL BE AVAILABLE AND WILL BE DONE LIVE ONLINE
*To be eligible for Pick A Partner Relays, you must first exhaust all your own team relays.

There will be additional races for all ages to be held as "OPENS" with longer distances, Prem Laps, and more to bring in the excitement!
