COVID Testing and Mitigation Protocols Dew Tour - May 2021

Dew Tour, the World Skate Federation and WMI Global have set up a comprehensive COVID-19 testing and mitigation plan to minimize risk during the May 2021 event. The primary goal of this mitigation plan is to organize a safe competition for all participants. These policies are designed and based on local health regulations, CDC guidance and International Olympic Committee policy. Any individual granted credentialed access for this event, agrees to accept and follow these protocols or access to event venue will be revoked.

General prevention and mitigation guidelines

- Anyone seeking credentialed access to the event venue must submit to WMI Global for review a negative lab-based PCR test taken no more than 72 hours prior to travel. Results should be submitted to: results@wmiglobal.com
- CDC compliant face coverings/masks are required at all times.
- Social distancing must always be observed during the course of the event.
- Wash or Sanitize hands frequently
- Avoid use of public facilities and transportation whenever possible
- Use athlete/participant designated facilities (restrooms, staging areas) whenever possible
- All event meetings will be held by video call or outside in a masked and social distant manner

Prior to travel to Des Moines & arrival at event venue

- Schedule lab-based PCR COVID test within 72 hours prior to travel and submit negative result for review
- Please make your best effort to avoid stops between the departure point and the event location.
- When possible, avoid contact with other large groups of people
- Be aware that upon arrival at the event venue a NEW negative COVID test result will be required to receive credentials and access the venue. WMI Global will be on-site to administer testing.

Testing and Screening Cadence

- **Daily:** Complete web-based health update and On-Site Health Screening
- **Every 48 hours:** Complete COVID test with WMI Global at on site screening facility

Onsite COVID Mitigation Plans

- If COVID-19 symptoms begin DO NOT travel to the venue: self-isolate, complete the daily health screening questionnaire and wait to be contacted by WMI Global personnel for further instructions.
- Trained WMI Global Infectious Disease Officers (IDOs) will monitor all event spaces for policies compliance and cleanliness.
- IDOs will be in direct contact with both security and cleaning teams to coordinate and direct appropriate and timely responses to any identified issues.
- High touch surfaces will be monitored, and cleanliness confirmed using ATP readers.
