## WORLD SKATE ACADEMY: RINK HOCKEY

---

World Skate is glad to announce that different Online Courses will be available for Rink Hockey Coaches and Referees.

The Online Courses will be held through an online platform.

### COACHES

---

On this opportunity, there will be lessons for World Skate Coaches Level 1 only.

The eligible candidates must complete the whole training prepared by World Skate (level 1, 2 and 3) and pass the exams in order to be recognised internationally as a World Skate Coach.

These coaches will have the possibility to present courses at a National level, in their own country, with material provided by World Skate.

For Level 1, it is expected that the National Federations propose the coaches to officially start the process.

### REFEREES

---

This year, there will be only 1 course.

The National Referees that complete the whole training and pass the exams will be recognized as International Referees and will be taken into account to referee World Skate competitions.

All International Referees, including those who already achieved the “International” “Advanced” or “Elite” categories must complete this course to confirm their own category.

Starting from 2022, all referees will have to complete a refresher course every two years to confirm their category.

### GENERAL SCHEDULE
