B. Each team shall be permitted one time-out of one-minute duration per period.

1.3 Tied games

OVERTIME OPERATIONS

- If a game is tied at the end of regulation time, a five-minute overtime period (10 minutes OT on Play-off games) shall be played after a three-minute intermission.
- The teams will not change ends for the overtime period.
- The game will end when the five minutes have expired or when a goal is scored; the scoring team will be declared the winner. If no goal is scored in the overtime period, then the Penalty-Shot Shootout Procedure will apply.
- All overtime periods of any preliminary-round or round-robin game shall be played with each team at the numerical strength of three (3) skaters and one (1) goaltender for games of the preliminary round or round robin.

OVERTIME PROCEDURES

- At the beginning of the Overtime "OT" each team must play with three (3) players and one (1) goalkeeper.

In case the regular time ends with a team shorthanded, the OT will start as follows:

- One player Shorthanded OT starts "3vs2"
- Two players Shorthanded OT starts "4vs2"

In this second case, at the first stoppage of the game in a situation of "4vs3" or "4vs4", the number of players will change respectively to "3vs2" or "3vs3".

In case of the regular time ends with both teams short (e.g. "3vs3" or "2vs2"), the OT will follow the following scheme:

- The OT will start with the same number of players as at the end of regular time.

If, the players after returning to the surface at the end of their penalties, determine a situation of "4vs3" or "4vs4", at the first stoppage of the play, the number of players will change respectively to "3vs2" or "3vs3".

- If, during OT, a situation of two players shorthanded occurs, the team shorthanded must play with TWO (2) players, while the opposing team will be allowed to insert a FOURTH player.

At the end of the penalty, procedure will follow point 1 - Two players Shorthanded.

2 FACILITIES

2.1 Rink

- A. In-line hockey shall be played on sport tile, wood, asphalt or cement or any appropriate surface approved by the Inline Hockey Technical Commission.
- B. The ideal size of the rink is 50x25 meters (164x82 feet). However, dimensions surface may vary between 40 and 60 meters in length (131 to 197 feet) and 20 and 30 meters in width (66 to 98 feet). As much as possible, an attempt should be made to maintain a width versus length of rink ratio of 1:2.
- C. The World Championship and International events will be played on a surface with a minimum size of 50X25 Meters (164x82 feet). The Continental events can be played on a surface with a minimum size of 40X20 meters.
- D. The rink shall be marked according to the diagram included with these rules taking into consideration the exact dimensions indicated herein. A centre red line should be marked on the floor to distinguish the defending zone and the attacking zone.

NOTE: There is no other line markings required on the playing surface for inline hockey.

- E. The rink shall be surrounded by a wood or fiberglass wall (boards) that extend above the rink surface from 101 to 122 cm (40 to 48"), with the ideal height being 107 cm (42"). The barrier shall have rounded corners of a radius of approximately 5 meters (16 feet) to facilitate keeping the puck in play.
- F. It is recognized that rinks of the size used at World Championships may not be available for all games within the jurisdiction of a National Federation, therefore, in such instances, variations in the marking of goal lines and face-off circles are authorized, which should be proportionate to the overall size of the playing surface. If such a rink will be used as venue for an international competition, in fairness to the participants, its dimensions must be included with the information sent out to invited national federations.

2.2 Goal Cages

- A. The goal cage consists of an iron pipe cage with a rectangular face opening with inside dimension height of 105 cm (41") and inside width of 170 cm (67") as shown in the inset diagram.
- B. The front or facing frame must be made with iron galvanized pipe of 7.6 cm (3") diameter. The top and base supports and the back brace shall consist of iron pipe 5 cm (2") diameter. The bottom or supporting base of the goal cage shall extend in depth to 109 cm (43") outside dimensions from the face of cage to the centre of the back arc. The

top supporting frame shall be 74 cm (29") in outside depth dimensions. A 5 cm (2") supporting brace at the back centre of the cage shall connect the top and bottom frames. The top, posts and internal face of the goal cage must be covered with very resistant netting, which has yarn dense enough to resist the strongest shots, and closely woven so as not to permit through passage of the puck. Metallic netting will not be allowed.

C. A drop net must be suspended from the near inside top of the cage with a depth of 45 cm (18") measured from the top cross bar of the goal. This cotton netting, thinner than the outside (external) one, has a maximum width of 180 cm (71") and height of 110 cm (43"), must be suspended inside the cage to prevent the puck rebounding from the inside of the goal. This net must be white in colour and should be attached at the top only, allowing it to hang freely to the ground parallel to the posts of the cage. The posts and front bar must be painted in a fluorescent red or orange colour while all other framing parts should be painted in white. It is required that the bottom rail of the goal cage and the back-centre brace be padded to resist having the puck bounce back out of the cage after a hard shot. If regular World Skate ball hockey goal cages are being used, the "kick" ramp across the bottom of the cage must be removed.

D. The goal cages are placed opposite at each end of the rink with the openings facing each other. The distance from the goal line to the extreme end of the rink is 3.8 meters (12.5 feet)

2.3 Goal Crease

A. In front of each goal, a "Goal Crease" area shall be marked by a red line 5 cm (2") wide. This line shall extend at a right angle from a point on the goal line, 30 cm (1 foot) from the outside of each goal post for a distance of 1.2m (4 feet). A line parallel to the goal line shall join the ends of these two lines. It shall be understood that the area covered by the goal crease on the floor shall extend to all the space above the crease.

NOTE: The goalkeeper's privileged area shall be defined as the area that extends between the end zone face off spots and back to the goal lines. Refer to the rink diagram. The goalkeeper shall be allowed to freeze the puck provided part of his body is in the privileged area.

B. The goalkeeper shall be allowed to freeze the puck behind the goal line or to the sides of the goal net provided part of his body is in contact with the goal crease. If the goalkeeper causes a stoppage of play by freezing the puck outside the goal crease or privileged area a Minor penalty shall be assessed.

2.4 Face-off Spots and Circles

- A. The rink will be marked with a total of five (5) face-off positions.
- B. One face-off spot, 22.5 cm in diameter (9"), shall be placed at the exact centre of the floor, surrounded by a 3 meters radius circle (10 feet).
- C. In each end zone, two 22.5 cm (9") face off spots will be placed, located 6.1 meters (20 feet) out from each goal line and 6.7 meters (22 feet) from the exact centre of the rink's width, along an imaginary line parallel to the goal line. This would make the spots 13.4 meters (44 feet) apart from each other. A 3 meters (10 feet) radius circle shall be drawn around each spot.

2.5 Referee's Crease

- A. A line in the shape of a semi-circle and with 3 meters (10 feet) radius shall be marked on the floor immediately in front of the Penalty Time-keeper's bench. Players are restricted from entering this area during stoppage of play without permission from the Referee.

2.6 Player benches

- A. Each rink should have seats or a bench for the use of each team, to be known as the "Player Benches." Each player bench shall accommodate at least sixteen (16) persons and shall be placed immediately alongside the playing surface as near as possible to the centre of the rink and convenient to the dressing rooms.

2.7 Penalty Bench

- A. Each rink will have seats or benches to be known as the "Penalty Bench." It is to be used for the seating of penalized players, Penalty Time-keeper, Game Time-keeper and Official Scorer. The penalty bench should be located a substantial distance from the player benches. It is preferred that the Penalty Benches be located on the opposite side to the Player Benches.

2.8 Signal and timing Device

- B. Each rink must have a suitable sound device to be used by the Game Time-keeper. An electric timing device shall be provided for the purpose of keeping

participants informed as to the various timed elements of the game. The timing display shall indicate the time remaining to be played and penalty time to be served.

For violation of this rule the Referee shall impose a Minor Penalty or penalties on the player(s) whose action(s) caused the physical contact.

NOTE: “Conduct of any face-off” commences when the Referee designates the place of the face-off and the puck is dropped. Once a team is in face-off position, the puck could be put into play within five seconds.

E. If a player facing-off fails to take a proper position immediately when directed by the official, the official may order that player replaced for that face-off by any teammate then on the floor.

J. If during a stoppage in play the attacking teams point players enter a gathering of players in the attacking end zone, the ensuing face-off shall take place at the centre face-off circle.

NOTE: The object of this rule is to prevent gatherings and potential altercations after stoppages in play.

K. When the game is stopped for any reason not specifically covered in the official rules the puck must be faced-off where it was last played.

5.5.2 Time Outs

A. A time-out may be called only by the Captain or Alternate Captain at a stoppage of play. The play

will then resume with a face-off.

B. The Referee will allow the calling of a time-out at any stoppage of play, till the Line-Change procedure is over and the Referee signals the start with the blowing whistle. The Referee must advise the timekeeper of the time-out and timekeeper will indicate when the time-out is over.

- F. If the team substituting has possession of the puck and the **GOALIE** substitution is made prematurely, the official shall stop play immediately and a face-off will take place at either the centre face-off spot or end zone face-off spot (whichever location gives advantage to the non-offending team). If the team does not have possession of the puck and makes an illegal substitution, the Referee shall assess a Minor Penalty.
- G. For player changes during stoppages of play, the Referee conducting the face-off will assume the Referee's normal position for the ensuing face-off. The Referee not conducting the face off shall allow a five second interval during which the visiting team may make a change of players. After this five second interval has elapsed, the Referee not conducting the face off shall raise an arm to indicate that the visiting team may no longer change any players. With the arm still raised, the Referee shall allow the home team the opportunity to make a change of players (if they have not already done so). After another five seconds time interval, the Referee not conducting the face off shall drop the arm. This will indicate that the home team may no longer change any player(s). The Referee at the face off location shall blow the whistle and within five seconds drop the puck. When a team attempts to make a player change after the allotted time intervals, the Referee shall send the player(s) back to their bench. Any subsequent infraction of this procedure shall result in a Bench Minor Penalty.

If the player's team is in possession of the puck at the time of injury, play shall be stopped immediately, unless the injured player's team is in a scoring position.
- F. A player other than the goalkeeper whose injury appears serious enough to warrant a stoppage of play may not participate further in the game until the completion of the ensuing face-off.

NOTE: In a case where it is obvious that a player has sustained a serious injury the Referee may stop the play immediately regardless of who is in possession of the puck.

5.5.7 Puck Must Be Kept in Motion

- A. The puck must be kept in motion at all times.

B. Except for being allowed to carry the puck behind its own goal once, a team in possession of the puck in its own defensive zone must continuously attempt to advance the puck toward the opposing goal—unless forechecked by opposing players or if the team is short-handed.

NOTE: If all opposing players are positioned behind the hash marks, it is not considered an active forecheck. In this situation, the player behind the goal must be verbally instructed by the Referee to move the puck out of his “behind the net” zone before any delay-of-game infraction is called.

C. For the first infraction of this rule play shall be stopped and a face-off will be taken at the spot adjacent to the goal of the team causing the stoppage and the Referee shall warn the Captain or Alternate Captain or the offending team of the reason for the face-off. For a second violation by any player of the same team in the same half a Minor Penalty shall be imposed on the player violating the rule.

If in the opinion of the Referee, the stoppage was caused by a player of

the attacking team, the resulting face-off shall be conducted at the nearest face-off spot adjacent to the goal of the offending player or centre face-off spots.

NOTE: This includes stoppage of play caused by the player of the attacking side shooting the puck onto the back of the defending team's net without any intervening action by the defending team.

C. The defending team and/or the attacking team may play the puck off the net at any time. However, should the puck remain on the net for longer than three seconds play shall be stopped and a face-off shall take place in the end face-off zone except when the stoppage is caused by the attacking team, then the face-off shall take place on the face-off spot at the centre circle.

D. If the puck comes to rest on top of the boards surrounding the playing area it shall be considered to be in play and may be played legally by hand or stick.

A. Should a scramble take place or a player accidentally falls on the puck and the puck is out of sight of the Referee, the Referee shall immediately blow the whistle and stop play. There will be a face-off at the nearest face-off spot.

B. If at any time while play is in progress a puck other than the one legally in play shall appear on the playing surface, the play shall not be stopped but shall continue with the legal puck until the play in progress is completed by change of possession. At the Referee's discretion if the legal puck is interfered in play, the Referee shall stop the play immediately.

The Coach or Manager of the penalized team, through the playing Captain, shall designate any player of his or her team on the surface at the time of the infraction to serve any time penalties associated with the Game Misconduct penalty.

B. Should a goalkeeper incur a game Misconduct penalty, the goalkeeper's place will be taken by a team member, or by a regular substitute goalkeeper who is available, and such player shall be allowed 10 minutes to dress in the goalkeeper's full equipment.

C. For all Game Misconduct penalties regardless of when imposed, a total of ten minutes shall be charged in the records against the offending players.

NOTE: Tracking of Game Misconduct penalties shall be the responsibility of the tournament organisation and confirmed by the Inline Hockey Technical Commission.

6.1.6

6.1.7 Match Penalties

A. A "Match Penalty" involves the suspension of a player for the balance of the game, and the offender shall be ordered to the dressing room immediately. A substituted player, on the surface at the time of the infraction, must be placed on the penalty bench to serve a four minute penalty and may not return onto the floor regardless of goals scored. The Coach or Manager of the penalized team, through the playing Captain, shall designate any player of his or her team on the surface at the time of the infraction to serve any time penalties associated with the Match Penalty.

B. Should a goalkeeper incur a Match penalty, the goalie's place will then be taken by a team member or by a substitute goalkeeper who is available, and such player will be allowed the goalkeeper's equipment. A ten-minute time period shall be allowed for this change. However, any additional penalties as specifically called for by the individual rules covering Match penalties, will apply, and the offending team shall be penalized accordingly; such additional penalty to be served by another member of the team on the floor at the time the offense was committed, said player to be designated by the manager or coach of the offending team through the playing Captain.

C. For all Match penalties, regardless of when imposed, four minutes shall be charged in the records against the offending player.

6.1.8 Additional Penalties

A. On the third (3rd) Minor penalty assessed to any one player or goalkeeper, in the same game that player or goalkeeper will be assessed an additional ten (10) minute Misconduct penalty. (Minor Penalties or Coincidental Penalties this also includes a delayed Minor penalty that is washed out by the scoring of a goal.) A bench minor is not counting as an additional penalty.

NOTE: the penalised player will have a substitute player on the surface at the time of the infraction serve the time penalty and the penalized player will serve the entire penalty.

B. Any subsequent penalty incurred within the game will result in that player being assessed a Game Ejection penalty.

C. Any player incurring three (3) stick penalties within a single game will be also assessed a penalty appropriate to the last infraction and be assessed a Game Ejection Penalty. A substitute must serve any penalty time that the ejected player was assessed. Stick infractions are: slashing, high sticking, crosschecking, butt ending and spearing. A Double Minor penalty shall count as one (1) stick penalty for this ruling.

NOTE: A "Game Ejection Penalty" involves the removal of a player for the balance of the game. A substitute is permitted to replace immediately the player so removed. A substitute must serve any penalty time that the ejected player was assessed.

D. When any player or goalkeeper receives a second Misconduct penalty in the same game that player or goalkeeper shall also be assessed an additional game Misconduct penalty.

6.1.9 Penalty Shot

A. When an infraction of the rules calls for a "Penalty Shot", it shall be taken as follows:

NOTE: 5 Criterion for calling of a Penalty Shot are:

The player fouled must have control of the puck

The puck must be over the centre line in the attacking zone

The player in control must have no other player to beat except the goalie

The player must be fouled from behind,

The player must have been denied a reasonable scoring opportunity.

- All players, except player taking Penalty Shot, must go to the player bench.

- If at the time a Penalty Shot is awarded and the goalkeeper of the penalized team has been removed from the floor to substitute another player, the goalkeeper shall be permitted to return to the floor before the penalty shot is taken.
- The Referee shall cause to be announced over the public address system the name of the player designated by the Referee or selected by the team (as appropriate) entitled to take the shot.
- In cases where a Penalty Shot has been awarded for illegal entry into the game, throwing a stick or fouling from behind, the Referee shall designate the player who has been fouled as the player who takes the penalty shot. In cases where a Penalty Shot has been awarded for falling on the puck in the crease or picking up the puck from the crease area, the penalty shot shall be taken by a player selected as the captain of the non-offending team from the players on the floor at the time when the foul was committed. If by reason of injury the player designated by the Referee to take the penalty shot is unable to do so, within a reasonable time, the shot may be taken by a player selected by the captain of the non-offending team from the players on the floor when the foul was committed.
- Such selection shall be reported to the Referee and cannot be changed.
- Should the player to whom a Penalty Shot has been awarded, also have committed a foul in connection with the same play or circumstances, either before or after the penalty has been awarded, and is designated to take the shot, the player shall first be permitted to do so before being sent to the penalty bench to serve the penalty.
- The Referee shall place the puck on the centre face-off spot and the player taking the shot will, on the whistle of the Referee, play the puck from there and shall attempt to score on the goalkeeper.
- The goalkeeper must stay in the crease until the Referee blows the whistle and the player taking the penalty shot touches the puck and crosses the centre line. The player taking the shot must keep the puck in motion towards the opponent's goal line and once it is shot the play shall be considered complete. If the goalkeeper leaves the goal crease prior to the player touching the puck at centre and the player does not score on the penalty shot, the player will re-take the penalty shot.
- No goal can be scored on a rebound of any kind and any time the puck crosses the goal line the shot shall be considered complete. The goalkeeper may attempt to stop the shot in any manner except by throwing a stick or any other object, in which case a goal shall be awarded.

NOTE: A deflection of the goalkeeper resulting in the puck entering the net shall constitute a goal.

B. If an opposing player other than the goalkeeper interferes with a player taking a Penalty Shot, a goal will be automatically awarded whether or not goal was scored. The time required for the taking of a Penalty Shot will not be included in the regular playing time or any overtime.

C. If a goal is scored from a Penalty Shot, the puck shall be faced at centre floor in the usual way. If a goal is not scored the puck shall be faced at either of the end face-off spots in the zone in which the Penalty Shot has been tried.

D. If the offense for which the Penalty Shot was awarded was such as would normally incur a Minor Penalty, then regardless of whether the Penalty Shot results in a goal or not, no further Minor Penalty shall be served.

E. Should a goal be scored from a penalty shot, a further penalty to the offending player shall not be applied unless the offense for which the penalty shot was awarded was such as to incur a Major or Match penalty, in which case the penalty prescribed, for the particular offense, shall be imposed.

F. If the foul upon which the penalty shot is based occurs during actual playing time the penalty shot shall be awarded and taken immediately in the usual manner notwithstanding any delay occasioned by a slow whistle by the Referee to permit the play to be completed which delay results in the expiration of the regular playing time in any period.

G. For any assessment of a Penalty Shot, the infraction MUST be recorded on the Game Sheet. This will include the time of the penalty, the players name & number, penalty infraction (i.e. Tripping, Slashing, Hooking etc...)

6.2 Management of Penalties

6.2.1 Management of Penalty Situations

A. Penalties shall not reduce the on-surface strength of the teams below three on-surface players (including the goalkeeper). Such penalties shall become delayed until such time as they can be served.

B. If while a team is "short-handed" by one or more Minor or Bench Minor Penalties the opposing team scores a goal, the first of such penalties shall automatically terminate.

NOTE: "Short-handed" means that the team must be below the numerical strength of its opponents on the floor at the time the goal is scored. The Minor or Bench Minor Penalty

which terminates automatically when the team is scored against is the one which initially caused the team to be “short-handed” (first penalty). However, coincident Minor penalties to both teams do NOT cause either side to be “short-handed,” because although each team has a player in the penalty box, the number of floor players is not affected. Therefore, the penalty time awarded for coincidental penalties is never shortened by a goal being scored. This rule shall also apply when a goal is scored on a penalty shot, which was awarded in lieu of another penalty.

C. When a player receives a Major Penalty and a Minor Penalty at the same time, the Major Penalty shall be served first by the substitute for the penalized player except under Rule 6.2.2 in which case the Minor Penalty will be recorded and served first.

NOTE: This applies to the case where BOTH penalties are imposed on the SAME player. (See also note to Rule 6.2.2 C)

6.2.2 Delayed Penalties

A. If a third player of any team shall be penalized while two players of the same team are serving penalties, the penalty time of the third player shall not commence until the penalty time of one of the two players already penalized shall have elapsed. Nevertheless, the third player penalized must, at once, proceed to the penalty bench but may be replaced by a substitute until such time as the penalty time of the penalized player shall commence.

B. When any team shall have three players serving penalties at the same time and because of the delayed penalty rule, a substitute for the third offender is on the floor, none of the three penalized players on the penalty bench may return to the floor until play has been stopped. When the play has been stopped, the player whose full penalty has expired may return to the playing surface. However, the Penalty Timekeeper shall permit the return to the floor in the order of expiration of their penalties, of a player or players by reason of the expiration of their penalties and, the penalized team is entitled to have more than four players on the floor.

C. In the case of delayed penalties, the Referee shall instruct the Penalty Timekeeper that penalized players whose penalties have expired shall only be allowed to return to the floor when there is a stoppage of play. When the penalties of two players of the same team will expire at the same time the captain of that team will designate to the Referee which of such players will return to the floor first, and the Referee will instruct the Penalty Timekeeper accordingly. When a Major and a Minor Penalty are

imposed at the same time on players of the same team the Penalty Timekeeper will record the Minor as being the first of such penalties.

NOTE: This applies to the case where the two penalties are imposed on DIFFERENT players of the same team.

D. When a delayed penalty is in the process of being assessed to a team that is already shorthanded because of a previous Minor or a Bench Minor Penalty, and the non-offending team scores a goal, the original penalty is terminated which caused the offending team to be short a player and the new penalty is assessed to the offending team, which plays again shorthanded.

E. Initiation of Delayed Penalty: A delayed penalty is called when a player commits an infraction, but the Referees hold off on whistling the penalty to allow the team in possession of the puck to maintain control and attempt to score. Once the team in possession of the puck passes the centre line, they are prohibited from returning the puck to their defensive zone.

If the puck is passed or shot back into the defensive zone after the team has crossed the centre line, the Referee will immediately blow the whistle to stop play.

The opposing team will be awarded possession of the puck at the location of the last entry into the defensive zone, and the delayed penalty will be enforced.

F. Exception: The rule does not apply if the puck is unintentionally deflected or if a defending player possesses the puck in the defensive zone.

6.2.3

6.3 Calling of Penalties

A. Should an infraction of the rules which would call for a Minor, Major, Misconduct or Match penalty be committed by a player of the side in possession of the puck, the Referee shall immediately blow a whistle and give the penalties to the deserving players. The resulting face-off shall be made at one of the end zone face-off spots of the offending team.

B. Should an infraction of the rules which call for a Minor, Major, or Match penalty be committed by a player of the team not in possession of the puck, the Referee shall signify the calling of a delayed penalty by using a raised right arm straight above the head and, on completion of the play by the team in possession or the loss of possession to the defending team, the Referee will immediately blow a whistle and assess the

penalty to the offending player. The resulting face-off shall be made at one of the end zone face-off spots of the offending team.

Note: Should an infraction of the rules which call for a Misconduct penalty, there is no delayed penalty, the Referee blow his whistle directly.

C. If the penalty to be imposed is a Minor Penalty, and a goal is scored on the play by the non-offending team the Minor Penalty shall not be imposed, but Major and Match penalties shall be imposed in the normal manner regardless of whether a goal is scored or not. (The penalty shall be recorded by the scorekeeper.)

NOTE: "Completion of the play by the team in possession." This rule means that the puck must have come into the possession and control of an opposing player or has been "frozen." This does not mean a rebound off the goalkeeper, the goal cage or any accidental contact with the body or equipment of an opposing player.

D. If after the Referee has signalled a penalty but before the whistle has been blown the puck shall enter the goal of the non-offending team as the direct result of the action of a player of that team, the goal shall be allowed and the penalty signalled shall be imposed in the normal manner.

E. If when a team is "short-handed" by reason of one or more Minor or Bench Minor Penalties the Referee signals a further Minor Penalty against the "short-handed" team and a goal is scored by the non-offending side before the whistle is blown then the delayed penalty shall be served and the first of the Minor penalties already being served shall automatically terminate under Rule 6.2.1

F. Should the same offending player commit other fouls on the same play either before or after the Referee has blown a whistle; the offending player shall serve such penalties consecutively. If a team has a delayed Minor Penalty and that team is scored upon during the delayed penalty, the penalty shall not be assessed, but it shall be so recorded and count in the offending player's penalty total. If the delayed penalty is Major, then that penalty will be assessed.

6.4 Implementation of Penalties

6.4.1 General

A. When an offense is committed by any player or goalkeeper during the play or at a stoppage of play the same penalty shall apply.

- B. Players may not leave the penalty bench until their penalty has expired. When directed by the Referee, players may leave the penalty bench at half time or may leave at the end of the game. The player may not leave for any other reason. Any overtime period shall be considered part of the game and all unexpired penalties shall remain in force. All players in the penalty box must remain seated until the penalty time is expired.
- C. When a penalized player's time has expired or been terminated by the scoring of a goal, that player must return to the surface prior to being substituted.
- D. When coincident Minor penalties are imposed against an equal number of players on each team, the penalized players shall all take their places on the penalty benches and such penalized players shall not leave the penalty bench until the first stoppage of play following the expiration of their respective penalties. Immediate substitutions shall be made for the players so penalized, and their penalties shall not be taken into account for the purpose of the delayed penalty, Rule 6.3.
- E. When coincident penalties of equal duration (Minor/Bench Minor) are imposed upon a player of each team, the penalized players shall take their places on the penalty bench and such players shall not leave the penalty bench until the first stoppage of play following the expiration of their respective penalties. Immediate substitution shall be made for the players so penalized and their penalties shall not be taken into account for the purpose of the delayed penalty, Rule 6.2.2 or Rule 6.1.4.

- B. A Misconduct penalty must be imposed on any Captain, Alternate Captain or player who comes off the bench and makes any protest or intervention with the Referee for any purpose.

6.4.3 Illegal Equipment

- A. A Minor Penalty shall be imposed on any player, including the goalkeeper, for using a stick which does not conform to the provisions of rule 3.2.2.
- B. A Minor Penalty shall be imposed on any player taking the surface wearing skates which does not conform to the provisions of rule 3.2.3. He may not return to play until the fault is corrected.

C. A Minor Penalty shall be imposed on any player wearing illegal protective equipment according to rule 3.2.4.

D. A Minor Penalty shall be assessed a goalkeeper guilty of using or wearing illegal equipment.

E. If a goalkeeper's helmet comes off during the play the Referee shall stop play immediately. No penalty shall be assessed unless the Referee determines that the goalkeeper deliberately took his helmet off to stop the play. A Minor Penalty shall be assessed unless the criteria for a penalty shot shall be met. If any other goalkeepers' equipment shall come off during the play the Referee shall allow the play to continue.

F. A Minor Penalty shall be imposed, after one warning by the Referee, on any player for violation of provisions of rule 3.2.7 related to protective equipment.

6.4.4 Face Offs

6.4.5 Adjustment to Clothing and Equipment

A. Minor Penalty for Delay of the Game shall be imposed on any player or goalkeeper for violation of provisions of rule 5.5.3 related to adjustment to clothing and equipment.

NOTE: In the event a player loses a helmet in the “process of a play” such player shall replace the helmet (properly fastened) or shall proceed to the players’ bench for a substitution. If such player participates in play, the play must be stopped immediately and a Minor penalty shall be assessed.

NOTE: However, a goalkeeper, after a stoppage of play, with the permission of the Referee, may be allowed to make adjustments or repairs to clothing, equipment or

skates. Goalkeepers may also be permitted by the Referee to replace their goalie masks but no time shall be allowed for repair or fitting a mask.

6.4.6 Change of Players

A. A Bench Minor Penalty shall be assessed for violation of any section of clause 5.5.4. The penalty shall be served by that player who committed the infraction.

B. If in the course of making a substitution, either the player entering the game or leaving the game intentionally plays the puck with their stick, skates or hands or makes physical contact with an opposing player while the player (either leaving or entering the game) is actually on the surface, then a Bench Minor Penalty for “too many players” on the surface” shall be assessed. However, in the course of leaving or entering the game, the player is accidentally struck by the puck, no penalty shall be assessed and play shall not be stopped.

C. If in the last two minutes of regular playing time or any time in overtime a Penalty Shot shall be awarded The Bench Minor Penalty shall not be served.

6.4.7 Goalkeeper Penalties

A. A Minor Penalty shall be imposed on a goalkeeper who participates in the play in any manner, when the goalie is beyond the centre line.

B. A Minor Penalty shall be imposed on a goalkeeper who (when the goalkeeper’s body is entirely outside the privileged area, or the boundaries of the goal crease area when the puck is behind the goal line) deliberately falls on or gathers the puck to the body or who holds or places the puck against the boards.

C. A Minor Penalty shall be imposed on a goalkeeper who holds the puck with the hands for longer than three seconds, if there are no attacking players in the immediate vicinity.

D. A goalkeeper shall not deliberately hold the puck in any manner which in the opinion of the Referee causes a stoppage of play, nor deliberately drop the puck into the goalie pads or onto the goal net, nor deliberately pile up obstacles at or near the net, that in the opinion of the Referee would tend to prevent the scoring of a goal.

NOTE: The object of the entire rule is to keep the puck moving continuously and any action taken by the goalkeeper who causes an unnecessary stoppage must be penalized without warning.

NOTE: In the case of a puck thrown forward by the goalkeeper being taken by an opponent, the Referee shall allow the resulting play to be completed. However, should the throw be received by a teammate, the play shall be stopped for a forward hand pass by the goalkeeper with a face-off to be taken at the end zone face-off circle. The goalkeeper shall be permitted to roll the puck to a player of his team providing the puck is rolled outside the privileged area or behind his goal line to the side of the goal cage.

E. A Minor Penalty shall be imposed on a goalkeeper who deliberately drops the puck on the goal netting to cause a stoppage of play.

F. A game Misconduct penalty shall be imposed on a goalkeeper who leaves the immediate vicinity of the goal crease and takes part in any altercation.

NOTE: All penalties imposed on a goalkeeper regardless of who serves the penalty or any substitution, shall be charged in the records against the goalkeeper.

6.4.8 Displacement of the Goal Post

A. A Minor Delay of Game penalty shall be imposed on any player (including goalkeeper) who delays the game by deliberately displacing a goal post from the normal position.

B. If the action of 6.4.8 A occurs in the last two minutes of regular playing time or any time in overtime a Penalty Shot shall be awarded against the non-offending team.

6.4.9 Abuse of Officials and Other Misconduct

A. A Minor or Misconduct penalty, at the discretion of the Referee, may be assessed for abuse of officials or other Misconduct.

NOTE: In the enforcement of this rule the Referee has, in many instances, the option of imposing a "Minor Penalty", "Misconduct Penalty" or a "Bench Minor Penalty". In principle the Referee is directed to impose a "Bench Minor Penalty" in respect to the violations which occur on or in the immediate vicinity of the player bench but also off the playing surface, and in all cases affecting non-playing personnel or players.

NOTE: "A Minor or Misconduct penalty may be imposed for violations which occur on the playing surface. A Misconduct Penalty should be imposed for violations which occur on the playing surface or in the penalty bench area and where the penalized player is readily identifiable.

B. A Misconduct shall be imposed on any player who intentionally knocks or shoots the puck out of the reach of an official who is retrieving it.

C. A Misconduct penalty shall be imposed on players who bang the boards or goal cage with their sticks or any other equipment at any time.

D. A Misconduct penalty shall be imposed on penalized players who do not proceed directly and immediately to the penalty box and take the required place on the penalty bench. Any player who (following a fight or other altercation in which the player has been involved is broken up, and for which the player is penalized) fails to proceed immediately to the penalty bench or who persists in continuing or attempting to continue the fight or altercation or who resists a Referee in the discharge of the Referee's duties shall incur a Game Misconduct Penalty.

E. A Game Misconduct Penalty shall be imposed on any player who, after warning by the Referee, persists in any course of conduct (including threatening or abusive language or gestures or similar actions) designed to incite an opponent into incurring a penalty.

F. In the case of any club executive, manager, coach or trainer being guilty of such Misconduct, that person is to be removed from the building and this incident reported to the Inline Hockey Technical Commission.

G. If any manager, coach or trainer is removed from the bench by order of the Referee, that person must not sit near the team bench, nor in any way direct or attempt to direct the play of this team.

H. A Misconduct penalty shall be imposed against any player using obscene, profane or abusive language to any person or any official.

I. A game Misconduct penalty shall be imposed against the offending team if any player, manager, coach or trainer in the vicinity of the player bench or penalty bench throws anything on the floor during the progress of the game or during stoppage of play.

J. A game Misconduct penalty shall be imposed against the offending team if any player, manager, coach or trainer interferes in any manner with any game official including Referee, timekeeper or goal judge in the performance of their duties.

NOTE: The Referee may assess further penalties under this rule if deemed warranted.

K. A Misconduct penalty shall be imposed on any player or players who, except for the purpose of taking their positions on the penalty bench, enter or remain in the Referees crease while the Referee is reporting to or consulting with any game official including timekeeper, penalty timekeeper, official scorer or announcer.

L. A Minor Penalty/Bench Minor Penalty shall be assessed to any player or team official who challenges or disputes the rulings of any official during the game or who displays unsportsmanlike conduct. If a player or goaltender persists, he/she shall be assessed a Misconduct penalty and any further disputes will result in a game Misconduct penalty being assessed to the offending player or goaltender. If a team official persists, after he/she has been assessed a bench Minor Penalty he/she shall be immediately assessed a game Misconduct penalty. A Referee is not required to assess a Minor Penalty under this rule before assessing the Misconduct or game Misconduct, but may assess either of these penalties initially.

NOTE: If continued actions by a player already having been assessed a penalty for unsportsmanlike conduct the Referee may assess a Gross Misconduct Penalty. The Gross Misconduct Penalty shall be assessed for making a travesty of the situation or bring the game into disrepute.

6.4.10 Attempt to Injure

A. A Match Penalty shall be imposed on any player who deliberately attempts to injure an opponent, official, manager, coach or trainer in any manner. The circumstances shall be reported to the Inline Hockey Technical Commission for further action. A substitute for the penalized player shall be permitted at the end of the fifth minute.

A. A player or goalkeeper whose stick is broken may participate in the game provided the player immediately drops this stick. A Minor Penalty shall be imposed for an infraction of this rule.

B. A player or goalkeeper whose stick is broken may not receive a stick thrown on the floor from any part of the rink, but must obtain one from the player bench. A Minor Penalty shall be imposed on the player or goalkeeper receiving a stick illegally under this rule. The player who threw the object onto the surface shall also be assessed a Minor penalty plus an automatic Game Misconduct. If the player is not identified then a Bench Minor penalty shall be assessed.

C. A goalkeeper may not continue to play with the paddle portion of a broken stick.

NOTE: A broken stick is one which, in the opinion of the Referee, is unfit for normal play.

B. A Major Penalty, a Major Penalty and a Game Misconduct Penalty shall be imposed on a player who charges a goalkeeper while the goalkeeper is within the goal crease. If the charging player makes physical contact with the goal keeper, which in the opinion of the Referee interferes with normal defence of the goal, any goal scored before or after such contact shall be disallowed.

NOTE: A goalkeeper is NOT “fair game” just because the goal keeper is outside the goal crease area. A penalty for interference or charging (Minor or Major plus game Misconduct) should be called in every case where an opposing player makes unnecessary contact with a goalkeeper.

6.4.13 Boarding

A. A Minor Penalty or at the discretion of the Referee, a Major Penalty or a Major Penalty and a Game Misconduct Penalty based upon the degree of violence of the impact with the boards, shall be imposed on any player who body checks, cross checks, elbows, charges or trips an opponent in such a manner that causes the opponent to be thrown violently into the boards.

NOTE: Any unnecessary contact with a player carrying the puck which results in that player being knocked into the side boards is “boarding” and must be penalized as such. In other instances where there is no contact with the boards it should be treated as “charging.”

NOTE: “Rolling” an opponent (if that player is the puck carrier) along the boards where the player is endeavouring to go through too small an opening is not boarding. However, if the opponent is not the puck carrier, then such action should be penalized as boarding, charging, interference, or if the arms or stick are employed it should be called holding or hooking.

6.4.14 Cross Checking

- A. A Minor Penalty or at the discretion of the Referee, a Major Penalty or a Major Penalty and a Game Misconduct Penalty shall be imposed on a player who “cross checks” an opponent.
- B. A Major Penalty or a Major Penalty and a Game Misconduct Penalty shall be imposed on a player who cross checks a goalkeeper while the goalkeeper is within the goal crease.

NOTE: All such instances shall be reported to the Inline Hockey Technical Commission.

6.4.16 Delaying the Game

- A. No player or goalkeeper shall delay the game by deliberately shooting or batting the puck outside the playing area. A Minor Penalty shall be imposed, immediately and without warning, against any player or goalkeeper who throws the puck outside the playing area.
- B. A Bench Minor Penalty shall be imposed upon any team which, after warning by the Referee to its Captain or Alternate Captain to place the correct number of players on the floor and commence play, fails to comply with the Referee's direction and thereby causes any delay by making additional substitution. Or in any other manner.

6.4.17 Elbowing and Kneeing

A. A Minor or Major Penalty or at the discretion of the Referee, a Major Penalty and a Game Misconduct Penalty shall be imposed on any player who uses an elbow or knee in such a manner as to in any way foul an opponent.

B. A Major Penalty and a Game Misconduct Penalty shall be imposed on any player who injures an opponent as the result of a foul committed by using elbows or knees.

6.4.18 Falling on the Puck

A. A Minor Penalty shall be imposed on a player other than the goalkeeper who deliberately falls on or gathers a puck into the body.

NOTE: Defensemen who drop to their knees to block shots should not be penalized if the puck is shot under them or becomes lodged in their clothing or equipment but any use of the hands to make the puck unplayable should be penalized promptly.

B. No defending player except the goalkeeper will be permitted to fall on the puck or hold the puck or gather the puck into the body or hands when the puck is within the goal crease. The resulting penalty shall be a Penalty Shot being awarded to the non-offending team. If the goalkeeper has been legally substituted the Penalty Shot shall not be taken but the non-offending team shall be awarded a goal.

6.4.19 Fighting

A. Fighting is defined as the actual throwing of a punch(es) with a closed fist by a player who makes actual contact with an opponent.

NOTE: Pushing, shoving or grappling while on skates are punishable offenses, but do not constitute fighting under this rule.

B. A Major Penalty and a Game Misconduct Penalty shall be imposed on any player who starts fighting.

C. A Minor Penalty shall be imposed on a player who having been struck shall retaliate with a blow or attempted blow. However, at the discretion of the Referee, a Major or double Minor Penalty may be imposed if that player continues the altercation.

NOTE: The Referee is provided very wide latitude in the penalties which the Referee may impose under this rule. This is done intentionally to enable the Referee to differentiate between the obvious degrees of responsibility of the participants either for starting the

fighting or persisting in continuing the fighting. The discretion provided should be exercised realistically.

NOTE: Referees are directed to employ every means provided by these rules to stop “brawling” and should use Rule 6.4.9 for this purpose unless the coincidental Major Penalty rule is involved.

D. A game Misconduct penalty shall be imposed on any player involved in fighting off the playing surface or with another player who is off the playing surface.

E. A game Misconduct penalty shall be imposed on any player or goalkeeper on the floor who first intervenes in an altercation then in progress.

NOTE: To apply 6.4.19 E one player must be assessed a Major penalty and a game Misconduct.

F. A Gross Misconduct penalty in addition to any other penalties incurred shall be imposed on any player who intentionally removes their helmet to fight.

NOTE: If the suspended player’s team draws a bye for their next game, this penalty will be carried over to the next game that the team plays.

NOTE: The penalized team will place a man in the penalty box and play short-handed for the duration of the Major Penalty.

G. Any player wearing a ring, tape or any other material on her hands, who becomes involved in a fight and who uses such to gain an advantage or to inflict punishment and/or injury, shall be assessed a Match Penalty in addition to any other penalties he/she may incur.

H. Any player assessed a Major Penalty and a Game Misconduct Penalty for fighting will be automatically removed from the balance of that game and be suspended for the next game his or her team plays unless otherwise stated in the playing rules.

NOTE: Final World Championship Games or World Games: During the final Match that a team plays at the World Championship, the **instigator** of a closed-fist punch that leads to a fight on the rink, will result in **the initiator being assigned a Match penalty** should this fight require the insertion of Referees between the affected players in order to stop it. Under the foregoing conditions, the attacked player from the other team will also get a Match penalty if he persists in retaliating after attempts for restraint or a warning by the Referee. It is unrealistic to think that a person, who is punched, will not attempt to retaliate in self-defence. This is noted in Rule 6.4.19 (b) of the Inline Hockey Technical Commission Playing Rules. If the initiating player acts in retaliation for a foul that preceded the fight, it is the responsibility of the Referee to promptly punish this

occurrence, be it Major or Minor penalties, but otherwise does not excuse initiating a fistfight.

NOTE: A Match penalty for fighting which occurs in the final game for that team at the World Championships, whatever the team's final position in the standings, will automatically carry with it a suspension of the player for the balance of the World Championship and from the next world championship, following a confirming review of the circumstances by the INLINE HOCKEY TECHNICAL COMMISSION. The national federation affected will be informed that this player is suspended from World Skate international competitions for one year for conduct detrimental to the sport of Inline Hockey. Any further suspensions or any other deemed further appropriate discipline action.

6.4.20 Handling Puck with Hand

A. A Minor Penalty shall be imposed on a player, except the goalkeeper, who closes the hand or glove intentionally on the puck, and the play shall be stopped.

B. A Minor Penalty shall be imposed on a player, except the goalkeeper who, while play is in progress, picks up the puck by hand from the floor.

C. A player shall be permitted to stop or "bat" a puck in the air with an open hand, or push it along the floor by hand, and the play shall not be stopped unless in the opinion of the Referee the player has deliberately directed the puck to a teammate, in which case the play shall be stopped and the puck faced-off at the spot where the offense occurred.

D. A goalkeeper is permitted to "roll" the puck out to the side and not directly towards the opposing team goal. The goalkeeper may roll the puck to a player of his team without the Referee stopping the play for a hand pass. (diagram page 39)

E. For a violation of a hand pass in the attacking zone the face off shall take place at the centre spot. If the violation occurred in the defending zone the face off shall take place at the end-zone face-off circle on the side the pass originated.

NOTE: The object of this rule is to ensure continuous action and the Referee should NOT stop play unless the Referee is satisfied that the directing of the puck to a teammate was in fact deliberate. The puck may not be batted with the hand directly or indirectly as into the net at any time. If the last play on the puck was with the hand and the puck is deflected into the net the goal shall not count. The exception to the rule is when the act is done by the defending team in which case the goal shall be allowed.

6.4.21 High Sticks

A. The carrying of the blade of the stick above the normal height of the shoulders is prohibited.

B. Using the stick to bat the puck above the normal height of the shoulders is prohibited and when it occurs there shall be a whistle and ensuing face-off at the spot where the offense occurred unless:

a. The defending player batted the puck to an opponent in which case the play shall continue, or

b. A player of the defending side batted the puck into his or her own goal in which case the goal shall be allowed.

C. When a stick is swung above the shoulders at a puck near another player, that player shall be called for high sticking and a Minor Penalty imposed on.

EXCEPTION: No penalty should be assessed when the stick is shifted from one hand to the other over the head so the player can play the puck, unless it endangers another player.

NOTE: At the beginning and ending of a slap shot, the blade may be above shoulder level.

NOTE: No contact on an opponent need occur to call a high sticking penalty, however an opposing player must be in the immediate vicinity to justify a penalty being called.

D. A Minor or Major Penalty or at the discretion of the Referee, a Major Penalty and a Game Misconduct Penalty, shall be imposed on any player who makes contact with or intimidates an opponent while carrying the stick blade above the shoulders of an opponent. If injury results, a Major Penalty and a Game Misconduct Penalty shall be imposed.

E. When a player carries or holds any part of the stick above the height of the shoulders so that injury to the face or head of an opposing player results, the Referee shall have no alternative but to impose a Major Penalty and a Game Misconduct Penalty on the offending player.

F. When either team is below the numerical strength of its opponent and a player of the team of greater numerical strength causes a stoppage of play by striking the puck with the stick above the height of the shoulders, the resulting face-off shall be made at one of the end face-off spots adjacent to the goal of the team causing the stoppage.

6.4.22 Holding

- A. A Minor or Major Penalty or at the discretion of the Referee, a Major Penalty and a Game Misconduct Penalty shall be imposed on a player who holds an opponent with hands, legs, feet or stick or in any other way.
- B. A Major Penalty and a Game Misconduct Penalty shall be imposed if the action of holding results in injury to the player being held.

6.4.23 Hooking

- A. A Minor or Major Penalty or at the discretion of the Referee, a Major Penalty and a Game Misconduct Penalty shall be imposed on a player who impedes or seeks to impede the progress of an opponent by hooking with either end of that player's hockey stick.
- B. A Major Penalty and a Game Misconduct Penalty shall be imposed on any player who injures an opponent by hooking.

NOTE: When a player is checking another in such a way that there is only stick-to-stick contact, such action is NOT either hooking or holding. That player may turn the stick down over the opponent's stick.

6.4.24 Interference

- A. A Minor or Major Penalty or at the discretion of the Referee, a Major Penalty and a Game Misconduct Penalty shall be imposed on a player who interferes with or impedes the progress of an opponent who is not in possession of the puck, or who deliberately knocks a stick out of an opponent's hand or who prevents a player who has dropped a stick from regaining possession of it or who knocks or shoots any abandoned or broken stick or illegal puck or other debris towards an opposing puck carrier in a manner that could cause that player to be distracted.

NOTE: The last player to touch the puck, other than a goalkeeper, shall be considered the player in possession. In interpreting this rule the Referee should make sure which of the players is the one creating the interference. Often it is the action and movement of the attacking player which causes the interference since the defending players are entitled to "stand their ground" or "shadow" the attacking players. Players of the side in possession shall not be allowed to "run" deliberate interference for the puck carrier.

B. A Minor Penalty and a Game Misconduct Penalty shall be imposed if any player on the player bench or on the penalty bench who interferes with the movement of the puck or of any opponent on the floor during the progress of play.

C. A Minor Penalty shall be imposed on a player who, by means of a hockey stick or body, interferes with or impedes the movements of the goalkeeper by actual physical contact, while the goalie is in the crease area unless the puck is already in that area.

D. Unless the puck is in the goal crease area, a player of the attacking side not in possession may not stand on the goal crease line or in the goal crease or hold a stick in the goal crease area, and if the puck should enter the net while such a condition prevails, a goal shall not be allowed. The puck shall be faced off at the centre face-off spot.

E. If a player of the attacking side has been physically interfered with by the action of any defending player so as to cause that player to be in the goal crease, and the puck should enter the net while the player so interfered with, is still within the goal crease, the goal shall be allowed.

F. If when the goalkeeper has been removed from the floor any member of the same team not legally on the floor including the manager, coach or trainer interferes by means of body or stick or any other object with the movement of the puck or an opposing player, the Referee shall immediately award a goal to the non-offending team.

NOTE: A penalty for interference should be called in every case where an opposing player makes unnecessary contact with the player not in possession.

NOTE: The attention of Referees is directed particularly to three types of offensive interference which should be penalized:

1. When the defending team secures possession of the puck in its own end and the other player of that team run interference for the puck carrier by forming a protective screen against fore-checkers
2. When a player facing-off obstructs the player's opposite number after the face-off when the opponent is not in possession of the puck
3. When the puck carrier makes a drop pass and follows through so as to make bodily contact with an opposing player.

NOTE: All offensive or defensive players may attempt to establish positional territory in front of either goal. The incidental contact that occurs in so doing shall not be considered interference or unnecessary roughness. However, should a player from either team run at an opponent, or make a body check, it is at the discretion of the Referee, to assess a Minor Penalty for interference, charging or unnecessary roughness.

6.4.25 Interference by Spectators

A. In the event of a player being held or interfered with by a spectator, the Referee shall blow the whistle and play shall be stopped, unless the team of the player interfered with is in possession of the puck at the time, then the play shall be allowed to be completed before blowing the whistle, and the puck shall be faced-off at the spot where last played at the stoppage.

NOTE: The Referee shall report to Inline Hockey Technical Commission for possible disciplinary action, all cases in which a player becomes involved in an altercation with a spectator whether a penalty has been imposed or not. In the event that objects are thrown on the floor which interfere with the progress of the game the Referee shall blow the whistle and stop the play, and the puck shall be faced-off at the spot the play is stopped.

6.4.26 Checking From Behind

A. A Major or Major Penalty and a Game Misconduct Penalty shall be imposed on any player who intentionally pushes body-checks or hits an opposing player from behind, anywhere on the skating surface.

B. Where a player is high-sticked, cross-checked, body-checked, hit or propelled in any manner from behind into the boards or goal cage in such a way that the player is unable to defend him or her, a Match Penalty shall be imposed on.

NOTE: Referees are instructed not to substitute other penalties when a player is checked from behind in any manner. This rule must be strictly enforced.

6.4.27 Leaving the Player or Penalty Benches

A. No player may at any time leave the penalty bench, except at the end of each period, or on expiration or termination of his penalty.

B. A penalized player who leaves the penalty bench before the player's penalty has expired, whether play is in progress or not, shall incur an additional Minor Penalty, after serving the player's unexpired time.

C. If a player leaves the penalty bench before the player's penalty is fully served, the penalty timekeeper shall note the time and report the incident to the Referee at the next stoppage in play. In the case of a player returning to the floor before the player's time

has expired through an error by the penalty timekeeper, that player is not to serve an additional penalty, but must serve the player's unexpired time.

D. If a penalized player returns to the floor from the penalty bench before the player's penalty has expired by the player's own error or the error of the penalty timekeeper, any goal scored by the player's own team while that player is illegally on the floor shall be disallowed, but all penalties imposed on either team shall be served as regular penalties.

E. No player may leave the player bench or penalty bench at any time to enter an altercation.

Substitutions made prior to the altercation shall be permitted provided the players so substituting do not enter the altercation.

F. For a violation of this rule a double Minor Penalty and a Game Misconduct shall be imposed on the player of the team who was the first to leave the player or penalty bench during an altercation.

G. If players of both teams leave their respective benches at the same time, the first identifiable player from each team to do so shall incur a double Minor Penalty. A Game Misconduct penalty

shall also be imposed on any player penalized under this section, plus any other penalties they may incur.

H. Any penalized player leaving the penalty bench during the stoppage of play, and entering an altercation shall incur a Minor Penalty and a Game Misconduct Penalty, after serving the player's unexpired time.

I. If a player illegally enters the game from the player's own player bench, any goal scored by the player's own team while that player is illegally on the floor shall be disallowed, but all penalties imposed against either team shall be served as regular penalties.

6.4.28 Physical Abuse of Officials

A. Any player who touches or holds a Referee, or any game official, with the player's hand or stick or trips or body checks any such officials, shall automatically receive a Match Penalty. The use of a substitute for the player so suspended shall be permitted.

B. A Match Penalty shall be imposed on any manager, coach or trainer who holds or strikes an official.

6.4.29 Obscene or Profane Language or Gestures

A. A game Misconduct penalty shall be assessed on any player, manager, coach and trainer:

- Who uses obscene or profane language or gestures to any person on the floor or anywhere in the rink, including travesty of the game and discriminatory slur or racial remarks;
- Who persists in disputing or shows disrespect for the ruling of any official during a game;
- Who brings the game into disrepute.

NOTE: It is the responsibility of all game of officials and all team officials to send a confidential report to the Inline Hockey Technical Commission setting out the full details concerning the use of obscene gestures by any player, coach or other official. The Inline Hockey Technical Commission shall take further disciplinary action as deemed appropriate.

6.4.30 Slashing

A. A Minor or Major Penalty or at the discretion of the Referee, a Major Penalty and a Game Misconduct Penalty shall be imposed on any player who impedes or seeks to impede the progress of an opponent by “slashing” with the player’s stick. Any stick to body contact enacted by the pursuing player will be considered slashing.

B. A Major Penalty and a Game Misconduct Penalty shall be imposed on any player who injures an opponent by slashing.

NOTE: Referees should penalize as slashing any player who swings the player’s stick at any opposing player (whether in or out of range) without actually striking that player or where a player on the pretext of playing the puck makes a wild swing at the puck with the object of intimidating an opponent.

C. Any player who swings the player’s stick at another player in the course of any altercation shall be assessed a Match penalty. This is considered a deliberate attempt to injure.

D. Any player not in possession of the puck cannot have any stick contact upon the goalkeeper or it will be considered a slashing penalty.

NOTE: The Referee shall impose the normal appropriate penalty provided in the other sections of this rule and shall in addition report promptly to the Inline Hockey Technical Commission all infractions under this section.

6.4.31 Spearing and Butt-Ending

A. A Double Minor Penalty shall be imposed on a player who spears or attempts to spear or butt-ends or attempts to butt -end an opponent.

B. A Match Penalty shall be imposed on any player who injures an opponent by spearing or butt-ending. This should be treated as a deliberate attempt to injure under Rule 6.4.15.

NOTE: "Spearing" shall mean stabbing an opponent with the point of the stick blade while the stick is being carried with one hand or with both hands. "Butt-ending" shall mean stabbing an opponent with the butt-end of the stick while the stick is being carried with one hand or with both hands.

NOTE: "Attempt to spear" shall include all cases where a spearing gesture is made regardless of whether bodily contact is made or not.

6.4.32 Throwing Stick

A. A Bench Minor and a Game Misconduct Penalty shall be imposed on any player or any non-playing personnel who throws a stick or any other object onto the playing surface from the player bench or penalty bench. If the player is not identified then a Bench Minor shall be imposed on.

B. A Major Penalty and a Game Misconduct Penalty shall be imposed on any player on the surface who throws the player's stick, of any part thereof or any other object, in any area except when such an act has been penalized by the award of a Penalty Shot on goal.

C. If, when the opposing goalkeeper has been removed from the floor (i.e. legally substituted) and the attacking player has no defending player to pass and has a chance to score on an open net, a goal shall be awarded to the attacking side.

NOTE: When a player discards the broken portion of a stick by throwing it to the side of the floor (and not over the boards) in such a way that it will not interfere with play or opposing player, no penalty will be imposed. The Referee shall report promptly to the

Inline Hockey Technical Commission for disciplinary action every case where a stick or any part thereof is thrown outside the playing area.

6.4.33 Tripping

A. A Minor or Major Penalty or at the discretion of the Referee, a Major Penalty and a Game Misconduct Penalty shall be imposed on any player who shall place the player's stick, knee, foot, arm, hand or elbow in such a manner that shall cause the player's opponent to trip or fall.

NOTE: If in the opinion of the Referee a player is unquestionably hook-checking the puck, and obtains possession of it thereby tripping the puck carrier, no penalty shall be imposed.

B. A Major Penalty and a Game Misconduct Penalty shall be assessed to any player who shall place the player's stick, knee, foot, arm, hand or elbow in such a manner that is shall cause the player's opponent to trip or fall and be injured.

6.4.34 Roughing

A. A Minor or Major Penalty or at the discretion of the Referee, a Major Penalty and a Game Misconduct Penalty may be imposed on any player deemed guilty of roughing.

B. A Major Penalty and a Game Misconduct Penalty shall be imposed on if the action of roughing results in an injury to the player being roughed.

NOTE: It is not intended that there be no body contact between two opposing players who are actively in pursuit of the puck. The act of riding an opponent off the puck, or meeting the opponent head-on, while attempting to play the puck, shall not be considered roughness. However, this does not imply that players NOT in possession of the puck may throw their bodies into an opponent in order to achieve possession.

NOTE: Penalty for unnecessary roughness (roughing) should be called in every case when an opposing player makes unnecessary contact with the player in possession of the puck.

6.4.35 Penalty Shots –Awarded Goals

A. If a player of an attacking side in possession of the puck shall be in such a position as to have no opposition between that player and the opposing goalkeeper, and while in such position that player shall be interfered with by a player of the opposing side who

shall have illegally entered the game, a penalty shot shall be awarded against the side to which the offending player belongs.

B. If when the opposing goalkeeper has been removed from the floor, a player of the side attacking the unattended goal is interfered with by a player who shall have entered the game illegally, an automatic goal shall be immediately awarded to the non-offending team.

C. If the opposing goalkeeper has been removed and an attacking player in possession of the puck shall have no player of the defending team to pass and a stick or a part thereof is thrown by an opposing player or the player is fouled from behind thereby being prevented from having a clear shot on an open goal, an automatic goal shall be awarded to the non-offending team.

D. If a defending player, except the goalkeeper, uses hands to pick up the puck from the floor in the crease area while play is in progress, the play shall be stopped immediately and a penalty shot shall be awarded against the offending team.

E. If a defending player, except the goalkeeper, falls on the puck or holds the puck or gathers the puck into the body or hands when the puck is within the goal crease, the play shall immediately be stopped and a penalty shot shall be awarded against the offending team.

NOTE: This rule shall be interpreted so that a penalty shot will be awarded only when the puck is in the crease at the instant the play is stopped. However, in cases where the puck is outside the crease a Minor Penalty may be imposed even though no penalty shot is awarded.

F. If a player (including goalkeeper) deliberately displaces the goal post to prevent a breakaway scoring opportunity by the opposing team or deliberately displaces the goal post during an ideal scoring opportunity by the opposing team, a penalty shot shall be awarded against the offending team. If the infraction takes place while the goalie has been replaced in the game for an extra player, an automatic goal shall be awarded to the non-offending team.

G. When any player of the defending side, including the goalkeeper, deliberately throws the player's stick or any part thereof or any other object, at the puck in the player's defending zone, the Referee shall allow the play to be completed and if a goal is not scored a penalty shot shall be awarded against the offending team, which shot shall be taken by the player designated by the Referee as the player fouled.

H. When a player, in control of the puck in the attacking zone, and having no other opponent to pass than the goalkeeper, is tripped or otherwise fouled from behind preventing a reasonable scoring opportunity a penalty shot shall be awarded against the offending team. Nevertheless, the Referee shall not stop the play until the attacking side has lost possession of the puck to the defending side.

NOTE: The intention of this rule is to restore a reasonable scoring opportunity which has been lost by reason of a foul from behind when the foul is committed in the attacking zone. "Control of the puck" means the act of propelling the puck with the stick. If, while it is being propelled, the puck is touched by another player or the player's equipment or hits the goal or goes free, the player shall no longer be considered to be "in control of the puck."

I. If, when the opposing goalkeeper has been removed from the floor (i.e. legally substituted), a player in control of the puck is tripped or otherwise fouled with no opposition between that player and the opposing goal, thus preventing a reasonable scoring opportunity, the play shall immediately be stopped and an automatic goal shall be awarded to the non-offending team.

SECTION IV – DISCIPLINARY ACTION AND DISPUTES

7 DISCIPLINE

7.1 General

The Inline Hockey Technical Commission Discipline Commission will hear all disciplinary actions that occur at any Championship sanctioned through Inline Hockey Technical Commission Incident Report.

An Incident Report to the Inline Hockey Technical Commission shall be made in the following cases:

a) A player incurring a Match penalty shall be investigated promptly by the Inline Hockey Technical

Commission which shall have full power to impose such further discipline as deemed fitting.

b) A Match penalty shall disqualify that player for the remainder of the tournament or until the Inline Hockey Technical Commission investigates the matter fully. The Inline

Hockey Technical Commission has the authority to amend or adjust the duration of suspension.

8 SANCTIONS

8.1 Forfeiture

A. A forfeiture of a game shall be declared for the following reasons:

- At the start of a game Referee's whistle to put puck in play, a team does not have four players and a goalkeeper on the floor in full and required uniform.
- By the team captain submitting in writing and accepted by tournament director that the team will not be able to play a particular game. In this event the opposing team does not need to suit up or make appearance at the game, but shall still be awarded the victory.
- Due to injury or illness during the game a team cannot field (when at full strength) four players and a goalkeeper to continue this game.
- Due to penalties during the game a team cannot field the required number of players to continue the game.
- If a team when ordered to do so by the Referee through its manager or coach fails to go on the floor and start within five minutes and the case shall be reported to the Inline Hockey Technical Commission Discipline Commission for possible further action.
- If when both teams are on the floor one team for any reason shall refuse to play when ordered to do so by the Referee, the Referee shall warn the Captain or Alternate Captain and allow the team so refusing fifteen seconds within which to begin the game or resume play. If at the end of that time the team shall still refuse to play the Referee shall impose a Bench Minor Penalty to the offending team. The penalty shall be served by a player on the offending team designated by the manager or coach of that team through the captain. Should there be a repetition of the same incident the Referee shall have no alternative but to declare the game forfeited to the non-offending team. The case shall be reported to the Inline Hockey Technical Commission Discipline Commission for possible further action

NOTE: Refusing to Start Play is a very serious offence here. Currently, our rules indicate that a team must return within two minutes and upon doing so, a Major and GM is levied to the coach for delay of game. Additionally, if the withdrawal occurs in the last two minutes or in OT, a penalty shot is also awarded. If the team fails to return within the two

minutes, or is withdrawn a second time, the game is immediately suspended. Further discipline to the teams and coaches would follow upon a written report to the league President. This also applies to situations where a player or team official is ordered to leave the game and does not do so, not only in cases of protest where the entire team is withdrawn.

B. In the event of a forfeit then the following scoring statistics shall be awarded:

- The forfeiting team shall be awarded a loss for the game. The opposing team shall be awarded three points (a victory for the game). The score of the game shall be recorded as 1 to 0. The forfeiting team (loser), while still in round-robin play, shall be penalized a minus 3 points for that game, which must be deducted from their accumulated points total for the round robin.
- The captain of the victorious team shall be awarded one goal. (This may not be substituted to any other player.) There shall be no assists awarded.
- The goal keeper of either team shall not be credited with either a shot, save or goal against.

C. A team may forfeit one game during the round-robin portion of the tournament without disqualification of that team for the tournament. If the same team forfeits a second game in the same tournament, that team shall be disqualified for the remainder of all tournament games. Any single forfeiture occurring after completion of round-robin games, during either the medal plays or the placement games will also cause a team to be disqualified for the remainder of the tournament.

D. In the event of the removal of a team from the tournament by forfeiture the following statistical change shall take place:

1) All statistics of the removed team and team players shall be removed from the official statistics.

This is to include all team points, all goals scored, assists, saves, goals against, penalty minutes and all other pertinent statistics.

2) Any and all teams that have already played the forfeiting team must also have the statistics erased as though the game had not been played.

NOTE: The removal of all penalty minutes will not remove action taken or to be taken by the tournament director or the Inline Hockey Technical Commission Discipline Commission as to penalties assessed to forfeiting team players.

NOTE: The Inline Hockey Technical Commission shall issue instructions pertaining to records, etc. of a forfeited game.

8.2 Suspension

A. Any player assessed a Major Penalty and a Game Misconduct Penalty automatically be removed from the balance of that game and be suspended for the next game his or her team plays unless otherwise stated in the playing rules.

B. If a player, coach or manager persists after warning from the Referee is continuing Gross Misconduct, that person shall be subject to suspension for a period of one year or more as determined by the Inline Hockey Technical Commission.

C. Any non-playing coach, trainer or manager who gets on the floor after the start of the game without permission of the Referee shall automatically be removed from the game and assessed a Game Misconduct Penalty. That person will also be suspended for the next game his team plays. Any player who holds or strikes an official shall be suspended from the remainder of the tournament.

D. Any manager, coach or trainer who holds or strikes an official shall be ordered to the dressing room, and disciplinary action shall be taken by the Inline Hockey Technical Commission Discipline Commission.

9 DISPUTES

9.1 Protests

A. A protest made to the Referee will not be valid unless made on the rink by the captain of the protesting team, and the Referee will immediately inform the captain of the opposing team. Once the Referee in charge of the Match has ruled on an incident occurring during the course of play, this decision will stand unless an official letter of protest seeking to overturn this ruling is filed with the President of the Inline Hockey Technical Commission, along with a protest fee of \$US 200. The Inline Hockey Technical Commission will then investigate the protest. If it is upheld, the fee will be returned in full to the complainant. However, should the Inline Hockey Technical Commission determine the protest to be unjustified, the complainant will forfeit the fee.

B. In the case of administrative protests (bad condition of the rink, player's equipment, unqualified players, etc.), only those made to the Referee BEFORE the start of a Match are valid. The Referee will then advise the captains of both teams that the Match is being played under protest. All protests must be confirmed by official letter addressed to the Inline Hockey Technical Commission President, accompanied by the necessary fee, within 90 minutes after the end of the game. When sufficient time exists prior to the start of a game for settlement of such administrative protests, these will then become under the immediate jurisdiction of the Inline Hockey Technical Commission.

C. Each participating federation has the right to lodge protests against any incidents (arbitrary or otherwise) which may arise during the course of the Championships. For a protest to be valid, it must be written and presented to the President of the Inline Hockey Technical Commission or his legal representative, not later than three (3) hours after the incident.

D. All appeals (described in A. above) of the Referee's decision must be filed in writing and submitted no later than three hours after the incident to a member of the Inline Hockey Technical Commission Executive Commission, along with an appeal fee of \$200 USD. See Article 24 of the Organisational General Rules.

9.2 Appeals

A. Any appeal against the decisions of the Executive Commission on these matters must be lodged with the General Assembly of the Inline Hockey Technical Commission, and subsequently with the Ordinary Congress of World Skate, whose decision will be final and binding.

10 Determining Final Pool Positioning in Championships

10.1 Final positioning Round-Robin Game Scoring and Tie Breakers

After round-robin games points, will be awarded as follows:

- Three (3) points for regulation time win
- Two (2) points for Overtime or Shootout win
- One (1) point for Overtime or Shootout loss
- Zero (0) points for regulation time loss
- Minus three (-3) points for a forfeit

Two team Tie Breaker

Most Points - The placement of teams within each pool shall be according to the *greatest number of points accumulated in round-robin play*. If after addition of points, two or more teams are determined to possess an equal number of points in the round robin, the team's position is determined as follows:

Head-to-Head - The victor of the head-to-head competition in the round-robin shall be awarded the higher placement position.

Three or more team Tie Breaker

Most Points - The placement of teams within each pool shall be according to the *greatest number of points accumulated in the round-robin*. If after addition of points, two or more teams are determined to possess an equal number of points in round robin, the team's position is determined as follows:

1. Most Wins - If a tie remains, the highest total of wins among the tied teams, during all games in the round robin.

2. Partial Goal Differential If a tie remains, the best goals differential between goals-scored and goal-against among the tied teams.

3. Total Goal Differential If a tie remains, the best goals differential between goals-scored and goal-against in the round robin.

4. Goals Against - If a tie still results, the team with the lowest total number of goals-against for the entire round robin shall be used to determine position for the tied teams.

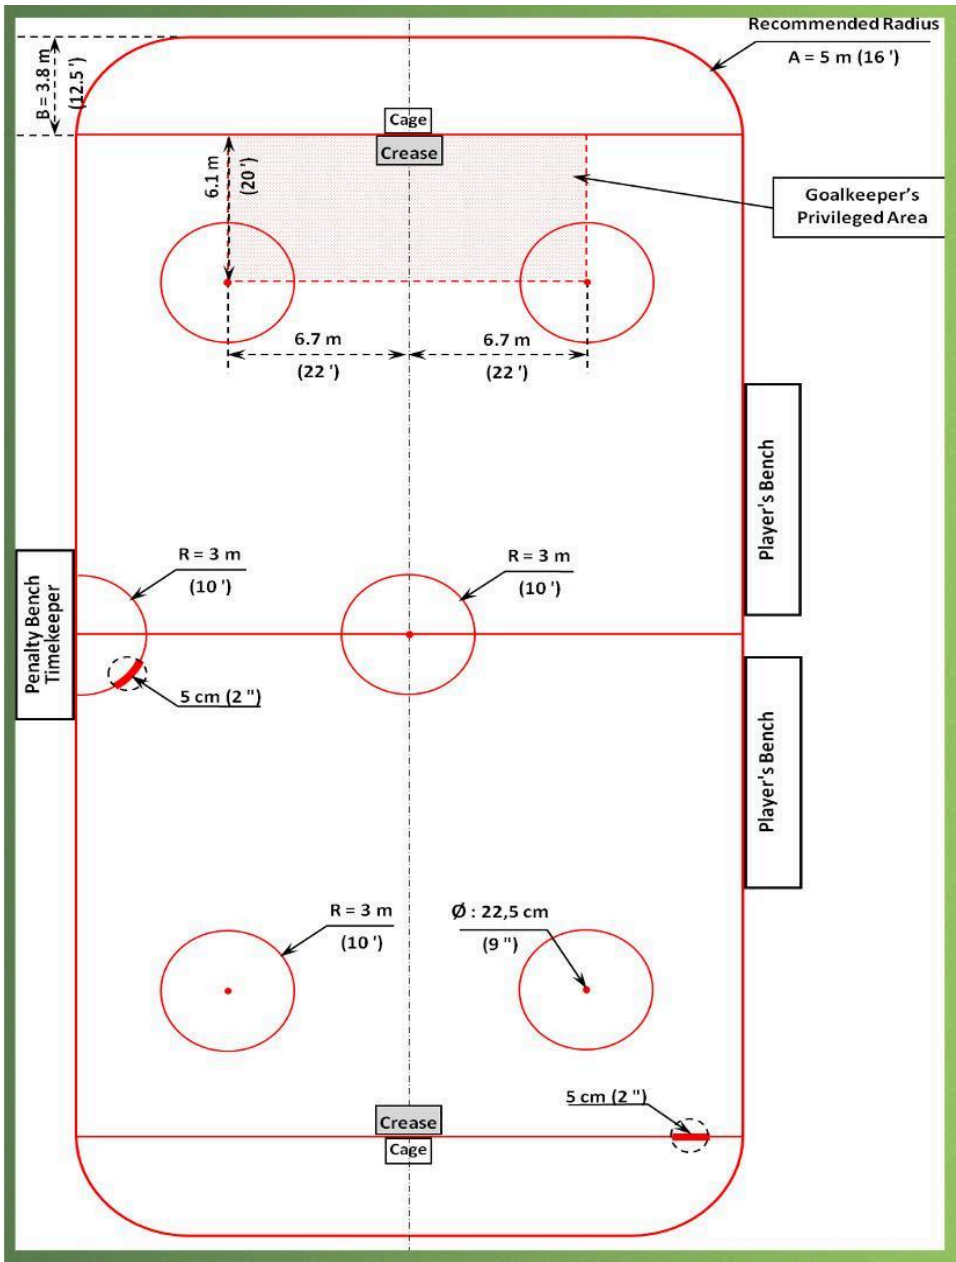

5. Goals For - If a tie still results, the highest total of goals scored for the entire round robin shall be used to determine position for the tied teams.

When (if) one team breaks the tie, the remaining tied teams (if 3 more then 2) will re-start from Point 1 Most Wins.

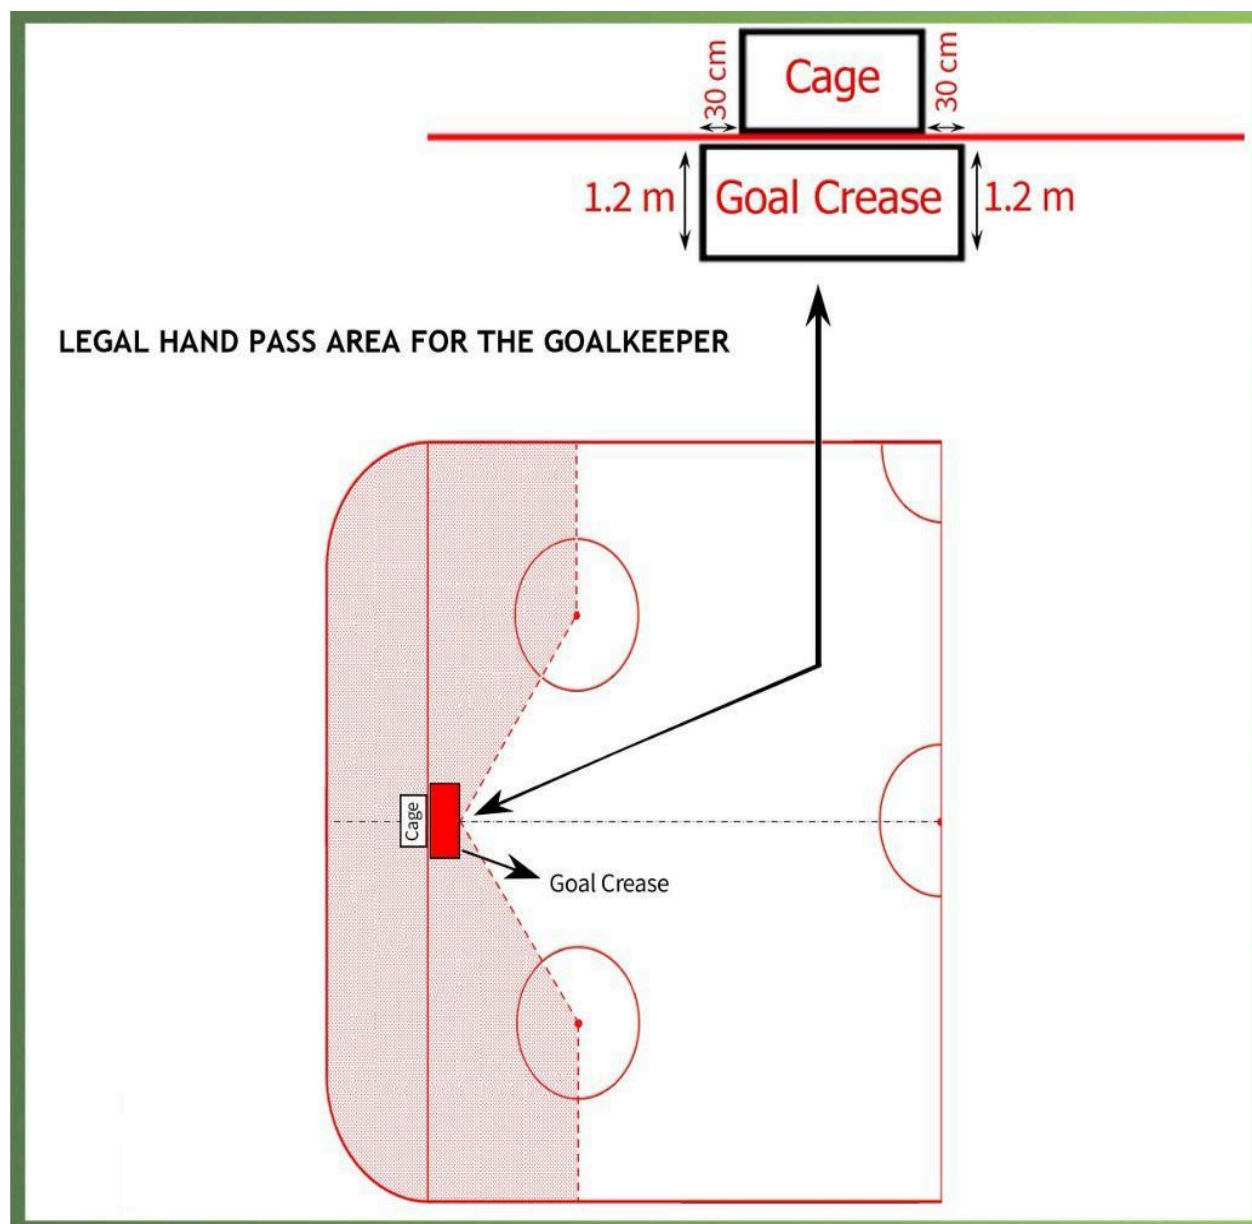

When there are only 2 teams remaining, they will revert to the Two Team Tie breaker criteria.
