“Highlight on Roller Freestyle”

BULLETIN N° 01

ROLLER FREESTYLE

The discipline was born in the 90'S using urban environments to do tricks and have fun.

World Skate Roller Freestyle competitions happened on a course replicating a street-like atmosphere composed of ramps, rails, ledges, walls, quarters pipe, jump box ...

The performance of each rider is judged on overall impression of their runs in the Park. The overall composition of the runs is most important as the judge evaluates the sequences of tricks, the amount of risk in the routine, and how the rider uses the course.

It's a mix of style, technicity, flow, height, originality, creativity.

MAJOR COMPETITIONS

World Skate Roller Freestyle World Cup

Roller Freestyle has its official World Cup according to our collaboration with FISE since 2017. Men and women can compete at one of the 4 stops of the [FISE World Series 2018](#) .

Discover the next stops:

- [Budapest 7-9 September](#)
- [Chengdu 2-4 November](#)

World Roller Games

Roller Freestyle Park was a success in Nanjing in 2017. Take a look on this impressive discipline in [World Roller Games 2019](#) in Barcelona from June 30th to July 14th, 2019.

COMPETITION FORMAT

3 phases of competitions:

Qualification

Semi Final

Final (12 men and 6 women compete in World Cup)

The performance of each rider is judged on overall impression including, but not limited to:

- Difficulty (refers to not only the tricks performed but also the placement of the tricks within the course and the combinations used)
- Height (amplitude of the tricks performed)

- Flow
- Fluidity
- Originality, Creativity (tricks, lines and diversity)
- Style
- Consistency (refers the stability, fluidity and control of manoeuvres performed)
- Variety of tricks (refers to a good mix of standard airs, rotations, grinds and more)
- Landings (foot trailing , imbalance, half turn...)
- Control of the tricks
- Use of the Park
- Execution
- Progression (evolution of the Sport)

INFRASTRUCTURE REQUIREMENTS
