

Scootering World Ranking System

The 2023-2024 Scootering World Ranking System, measuring the performance of athletes competing in Men's, Women's and Junior categories, awards ranking points based on athletes' final results at official World Skate Ranking events globally. Their accumulated tally determines each athlete's present World Ranking position.

There are three tiers of events at which riders can earn official world ranking points. These, in order, are: World Championships; Scootering Pro Tour events; Sanctioned events.

The current World Ranking System includes all eligible events from June 2023 to December 2024, and is the basis for pre-seeding athletes for future events.

Place	World Championships	Pro Tour	Sanctioned
1	80000	50000	20000
2	64000	40000	16000
3	48000	30000	12000
4	40000	25000	10000

In case of a tie in the overall World Rankings, the tie will be broken by the most recent World Championships result.

If a Junior athlete progresses into the Men's or Women's category, their Junior ranking points are nullified and they are removed from the Junior World Rankings. They will begin accumulating ranking points in the Men's or Women's system from 0. Similarly, when the World Rankings are updated following events, any Junior athletes who have turned 18 years old since the previous update will have their Junior ranking points nullified and they will be removed from the Junior World Rankings. If a Junior rider is still 17 years of age, but will be ineligible to compete in the next Ranking event based on their age, they will remain in the Junior World Rankings but are marked as being ineligible to accumulate any more ranking points.
