1. Introduction

The Skate Cross World Ranking is an official classification system that ranks skaters based on their performance in sanctioned events.

The ranking is updated monthly, with points expiring 12 months after being awarded or when the same event is held the following year.

This system aims to objectively reflect the most consistent and highest-performing skaters over the last year.

Skate Cross Working Group Manager will update the ranking on www.worldskate.org at the beginning of each month.

2. Ranking Rules

2.1. Points table

Points are awarded based on event type and skater placement, following the official points distribution table (Annex 1).

2.2. Points awarding

Every skater who enters and competes in a World Skate sanctioned event earns points, with a minimum of 1 point for participation. Skaters who register but do not compete (DNS - Did Not Start) receive no points. In the case of event cancellation, no points are awarded.

Points awarded to a skater will expire 12 months after being awarded or when the same event is held the next year; in such case the new points awarded will replace the previous points awarded for the same event.

2.2.1. Best 4

A skater's four highest-scoring events over the last 12 months determine their ranking. This rule ensures that the most active and successful skaters are fairly ranked.

For example, a skater who participates in four events and scores 400 points in a Prime Event, 480 points in a Main Event, 240 points in another Prime Event, and 200 points in a second Main Event will have a total "Best 4" score of 1320 points

2.2.2. Total Points

If two (2) or more skaters have identical "Best 4" totals, their total points over all events within the last 12 months serve as a tiebreaker.

For example, if two (2) skaters score 1200 points in their "Best 4", and skater 1 has scored a higher total than skater 2, skater 2 will be ranked after skater 1.

If skater 3 has a higher total points than skater 1 and skater 2, but a lower "Best 4", skater 3 will be ranked after skater 1 and skater 2.

Rank	Prev	Dif	ID N°	Name	Ctry	Nb	Total	Best 4
1	1	0	00000000000	Skater 1	ABC	5	1300	1200
2	3	+1	00000000000	Skater 2	ABC	4	1200	1200
3	2	-1	00000000000	Skater 3	ABC	10	1600	1000

2.2.3. Ties and Resolution

If two (2) skaters have the same "Best 4" points and total points over the last 12 months, they share the same rank. In such cases, the following ranking position is skipped to maintain ranking consistency. For example, if two (2) skaters tie for 5th place, the next skater will be ranked 7th.

2.3. Application of New Rules

Any ranking rule changes take effect at the start of a new calendar year. Adjustments affecting point calculations will be applied progressively, ensuring fairness to already ranked athletes.

3. Categories

3.1. Skate Cross

Here are the following categories for the World Skate Skate Cross World Ranking:

- ❖ Junior - U16 Women
- ❖ Junior - U16 Men
- ❖ Junior - U19 Women
- ❖ Junior - U19 Men
- ❖ Senior Women
- ❖ Senior Men

Each category has a separate ranking, ensuring fair competition among age groups.

4. Annex 1: Points Table

PLACE	WORLD CHAMPIONSHIP	MAIN	PRIME	BASIC	STARTER
1	325	300	200	100	50
2	281	260	175	89	45
3	253	234	157	81	41
4	232	215	144	73	37
5	213	197	132	66	33
6	196	181	121	60	30
7	180	166	111	54	27
8	164	152	102	49	25
9	151	140	94	44	22
10	138	128	86	40	20
11	127	118	79	36	18
12	117	108	72	33	17
13	107	99	66	30	15
14	98	91	61	27	14
15	91	84	56	24	12
