World Skateboarding Tour - 2025 Calendar Announcement

Part of World Skate's world cups offering, the **World Skateboarding Tour** has been successfully running for the past 3 seasons and served as the sole qualification pathway to the Paris 2024 Olympic Games.

It is with much pleasure that we today present the first confirmed and detailed release regarding the 2025 WST season.

The following table presents the confirmed events of World Skateboarding Tour 2025, the World Skate-sanctioned events feeding points to the World Skateboarding Ranking.

#	Start	End	Discipline	Event Tier	City	Country
1	01/06/2025	08/06/2025	Park	Pro Tour	Ostia	ITA
2	08/06/2025	15/06/2025	Street	Pro Tour	Rome	ITA
3	19/09/2025	26/09/2025	Park	World Championship	Washington DC	USA
4	21/09/2025	28/09/2025	Street	World Championship	Washington DC	USA
5	23/11/2025	30/11/2025	Street	Pro Tour	Kitakyushu	JPN

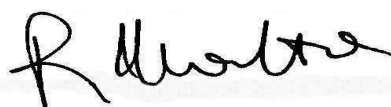

The World Skateboarding Ranking will be referenced as of 60 days before the event starts to determine extra quota athletes as well as practice groups and starting order during the event. This means the result of the WST Street World Championship in Washington DC will not be effective (counted) in determining the extra quota for WST Kitakyushu Street. Therefore the two events will have the same extra quota athletes as they both have the same [active events](#) in the ranking.

Please stay tuned for more updates coming months ahead of the start of the season and the finalization of the calendar.

Best Regards
