

EVENT PERFORMANCE AND TRICK LEDGER
WSK PARK PRO-TOUR DUBAI - HARBOUR 2024

FEB 24th - MARCH 3rd, 2024
DUBAI, UNITED ARAB EMIRATES

INTENDED USE OF THE EVENT PERFORMANCE AND TRICK LEDGERS - Foreword

The Event Performance and Trick Ledgers are being released as an educational material for the use of skateboard judges and their education. They are the supplemental text and graphic materials to the released video materials posted on the official World Skate Judging Education YouTube channel.

The Event Performance and Trick Ledgers provide their readers with the FOP renders and their descriptions, obstacle and action shot photos along with the recapitulation of the event performances from Semifinal and Final competition rounds.

The Event Performance and Trick Ledgers do not assign firm scores to any listed run performances or individual single trick attempts.

Due to the very nature of skateboarding, its constant progression and evolution, changes in the obstacle characters, their sizes, and FOP overall layouts, firmly assigned scores cannot ever be used in competitive skateboarding environment. All scores are dynamic. Same as it is with skateboarding and with the infinite number of ways for athletes' individual self expression. Skateboarding is very complex, delicate and unique when compared to other traditional sports.

Therefore, the applied Judging Scale always corresponds with the number of participating athletes and their level of skateboarding in each and every particular event round.

Evaluations and scoring process during all event rounds and phases follow and use only the latest valid version of WSK Judging Criteria together with WSK Competition Rules.

The volume of fulfilled judging criteria in a Run or in a Single Trick Attempt is carefully evaluated by the judging panels and leads to a point award for such performance.

The awarded points are only tools to create the utmost accurate ranking of athletes and their performances.

The final ranking of all participating athletes constitutes the event results.

Thank you very much for your time and interest in skateboard judging.

Martin Karas,
WSK - Head of Skateboard Judging

Performance Ledger - WSK PARK PRO-TOUR DUBAI - HARBOUR 2024
