In Phase 01 case of ties the following rules will be applied to resolve tie:

In case of an OWSR tie, the next highest points result will be used to break the tie, repeated with additional highest results until the tie is broken.

In Phase 02 case of ties the following rules will be applied in order to resolve tie:

In case of an OWSR tie, the next highest points result will be used to break the tie, repeated with additional highest results until the tie is broken. If the tie still persists, the highest Phase 01 carry-over points will be used to break the tie.

In case of an OWSR tie with equal points from different events, the one competing last will break the tie.
